## **Project Information**

Project Name or Project/ Township 9 Infrastructure

Program Title Design - Construction

Self Help Housing - Public

Service

Volunteers of America - Public

Service

Lutheran Social Services -

Public Service

Salvation Army - Public Service

Quarterly Activities/ Project The Township 9 project is

**Description** design of infrastructure to support 179 units of affordable housing units. Improvements to Richards Boulevard, D Street, E Street and F Street are to be included in the scope

> of work. Additional design work was amended to the contract as required to be completed for the affordable housing. During

the fourth quarter 2011, construction continued on North 7th Street, Richards Boulevard, Riverfront Drive. Streets D, E, F, Signature and

A. Landscape improvement

plans for these streets were put out to bid again. Valleycrest was selected to do this work which will begin in February. No CDBG R funds are being used to fund construction but a portion of the design costs of all

of these improvements. Design of Riverfront Park is continuing.

The La Valentina Project is a mixed use project of commercial space and affordable housing. All work funded with CDBG R was completed in third quarter, awaiting final billing invoice. Project construction will be complete during the summer of

2012.

Project Status Completed 50% or more

Public Service Activities.

The infrastructure design to support affordable housing portion is part of a larger catalyst project called Township 9, which is a infill mixed use project including stores, offices, housing and entertainment.

La Valentina Infrastructure Improvements is in support of economic development activities in the area.

Total Federal Amount of ARRA 1322416.68 Expenditure

Total Federal ARRA 1090416.68 Infrastructure Expenditure

Infrastructure Purpose and Both projects provide

Rationale investments needed to increase economic efficiency, investments in transportation, and environmental protection that will provide long-term economic benefits and foster energy independence whereby they are both mixed-use, TOD, LEED certified projects. Such projects seek to create a balance between housing and jobs, reduce travel time for commutes, reduce congestion by providing alternative modes of transit that equate to less energy use and air pollution.
