Narratives

Areas of Greatest Need:

The County NSP plan identifies three distinct sub-programs which can be implemented using various strategies and strives to achieve the following three goals: 1) return vacant foreclosed or abandoned residential properties to occupancy as quickly as possible; 2) revitalize neighborhoods through strategic redevelopment, rehabilitation and reuse of vacant properties; and 3) provide affordable homeownership and improved affordable rental opportunities to local families.

Distribution and and Uses of Funds:

Sacramento County's three sub-programs include: 1) Vacant Property Program; 2) Block Acquisition/Rehabilitation Program; and, 3) Property Recycling Program. Modeled after the successful Boarded and Vacant Lot programs administered by SHRA, the Vacant Properties Program is designed to return vacant and blighted homes and properties to owner occupancy by partnering with local contractors and developers in targeted areas. Building upon the successful past efforts at Fruitridge Vista and Phoenix Park. The Block Acquisition/Rehabilitation Program seeks to partner with developers willing to acquire, rehabilitate (demolish and rebuild), and maintain units in designated areas as common rental units. The Property Recycling Program is designed to consist of a government entity administering a land acquisition program engaged in the following functions: acquire, rehabilitate and sell; acquire, demolish and land bank; develop land banked assets in targeted areas, either separately or in joint venture; and/or rent acquired assets and sell when market conditions improve. Through a combination of these three programs, SHRA anticipates directly assisting 223 vacant and/or foreclosed properties located within the County of Sacramento.

Definitions and Descriptions:

The definition of a blighted structure is located under California State Redevelopment Law (Health and Safety Code 33000 et seq.). Physical Blight is described at Subdivision (a) of section 33031 and includes: 1) Building in which it is unsafe or unhealthy for persons to live or work. These conditions can be caused by serious building code violations, dilapidation and deterioration, defective design or physical construction, faulty or inadequate utilities, or other similar factors. 2) Factors that prevent or substantially hinder the economically viable use or capacity of building or lots. 3) Adjacent or nearby used that are incompatible with each other and prevent economic development of those parcels or other portions of the area. 4) Existence of lots of irregular form, shape or size for proper usefulness that are in multiple ownership.

The definition of affordable rents is described under the SHRA Assisted Rental Housing Income and Rent Limits as of April 9, 2008. For NSP funded activities SHRA has adopted the HOME rents as the affordable rent standard.

SHRA has adopted the HOME requirements to ensure continued affordability for NSP assisted housing. For rental units the following restrictions apply pertaining to amount of NSP investment per unit:

< \$15,000 investment	5 years
\$15,000 - \$40,000	10 years
> \$40,000	15 years
New rental construction	20 years
Refinancing rental housing	15 years

Low Income Targeting:

The number of dwelling units reasonably expected to be made available for households whose income does not exceed 50 percent of area median income (Very Low Income) is 105 units (45 units in the City, 60 units in the County of Sacramento). SHRA anticipates the 105 units produced will meet the requirement that 25 percent of funds used benefit very low income individuals. It is expected that these units will be produced under the Block Acquisition and Rehabilitation Program and the Property Recycling Program.

Acquisition and Relocation:

The number of NSP affordable housing units made available to low-, moderate-, and middle-income households (120% area median income).

SHRA anticipates producing 412 affordable units (178 units in the City / 234 units in the County) in the targeted areas between January 2009 and the end of program year 2013 for low-, moderate-and middle-income households.

The number of dwelling units reasonably expected to be made available for households whose income does not exceed 50 percent of area median income (Very Low Income) is 105 units (45 units in the City, 60 units in the County of Sacramento).

Public Comment:

The Board of Supervisors for the County of Sacramento heard the 2009 Action Plan and Substantial Amendment to the Consolidated Plan as a public hearing on Tuesday, October 21, 2008, at 10:00 am.

At the Redevelopment Advisory Committees many questions centered on whether or not these funds could help those currently living in their homes and in danger of foreclosure. Those in the audience also wanted assurances that the programs would target owner-occupiers. There were also requests for more data pertaining to their areas which our policy team did provide.

At the public hearings there were speakers in support to include potential development partners, legal aid, and interested citizens as to the efforts undertaken by staff to meet with the public and try to develop programs that can be implemented in partnership with outside organizations.

Activity Description:

Rehabilitation/reconstruction of residential structures; 24 CFR 570.202.

Location Description:

County NSP Target Areas.

Activity Progress Narrative:

This activity was completed in 2011. SHRA staff will work to finalize all beneficiaries/accomplishments and close the activity in DRGR by the end of 2017. The program was designed to return vacant and blighted homes and properties to owner occupancy by partnering with local contractors and developers in NSP Target Areas. SHRA partnered with nineteen different developer/contractors and a total of 44 properties were rehabilitated, sold and

occupied. This activity is eligible as rehabilitation/reconstruction of foreclosed residential structures complete; 24 CFR 570.202. The program provides a developer incentive fee that was paid after the homes were rehabbed and sold to owner-occupants at below 120%.

Rehabilitation and reconstruction of residential structures. 24 CFR 570.201 and 570.202. The rehabilitation of individual abandoned, foreclosed, and/or vacant single-family homes. Properties will be transferred to NeighborWorks/Gala Volume Builder, Limited Liability Company (LLC) and Homes by Town, Limited Liability Company.

Location Description:

County NSP eligible areas.

Activity Progress Narrative:

With the exception of six land-bank properties, this activity is complete. Expenditures in the quarter or for administration and property holding costs (note no draws or expenditures this quarter as a new finance staff person is being trained in NSP/DRGR). Five of the properties are planned for Habitat for Humanity for development of single-family homes. SHRA is actively working out a strategy to transfer/dispose of the properties in order to meet a national objective and close out the activity. Under this activity, 16 properties were purchased by SHRA. SHRA teamed with development partners/volume builders who then rehabilitated the homes and sold them to owneroccupants at or below 120% AMI. SHRA provided the builder a developer fee as incentive once the home was sold to an eligible buyer. Properties purchased through PRP are presumed "naturally affordable" based on the location and market conditions of the targeted areas per 24 CFR 92.254(a)(5)(i)(B). Homeowners must have completed HUD-approved homebuyer education counseling.
