B.5**Progress Report.**

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year and Annual Plan.

Progress Report on Mission and Goals

The PHA continues to provide quality housing that is affordable to the low, very low, and extremely low-income households. Strategies pursued by the PHA as outlined in the 5 Year PHA plan were successful and allowed the authority to meet our mission to continue to promote adequate and affordable housing, economic opportunity, and a suitable living environment free from discrimination.

Goal: Increase the availability of decent, safe, and affordable housing

Progress: The Choice Neighborhoods Implementation grant for \$30 million for the Housing Authority of the County of Sacramento will transform the current development into a 487 unit mixed-income community with public, workforce, and market rate housing.

The PHA plans to increase available decent, safe and affordable housing by issuing Request for Proposals (RFPs) for Project based vouchers in 2018. This not only increases the availability of housing, but also increases housing choices.

Goal: Improve the quality of assisted housing

Progress:

The PHA staff attended the following training in 2017 to improve the quality of service for the operations, maintenance and administration of assisted housing:

- Adult Protective Service Mandated Reporter
- Bullying in Senior Housing
- Violence Against Woman Act (VAWA)
- Fair Housing
- Fire Life Safety

Goal: Increase assisted housing choices

Progress:

- The PHA continues to conduct proactive outreach and build relationships with other governmental agencies, landlords, non-profits, and other businesses to partner to increase options for low-income residents.
- The PHA continues to research the feasibility of changes to homeownership, and other affordable housing options to increase the housing choices for public housing residents.
- The PHA is increasing the number of project-based units in order to increase the housing choices for participants. This is becoming increasingly important as the market tightens and there is less available rental housing stock.

Goal: Improve community quality of life and economic vitality

Progress:

- The PHA has a Resident Service Department that includes one Family Self Sufficiency Coordinator for HCV and one for public housing that provide resources, referrals, goal setting for participants and residents seeking economic self-sufficiency, access to a variety of programs, and supportive services.
- The PHA has refined its processes to help residents identify the critical needs and coordinate them across the supportive services through resident services.
- The PHA continues to expand services pending the availability of financial resources and awarding of funds for the coordinator position.
- The PHA linked and provided the following services through its Resident Opportunity for Self Sufficiency - Family Self Sufficiency (FSS) program in 2017:
 - Five county residents successfully graduated the FSS program
 - One county FSS graduated purchased a home
 - One county resident earned her GED
 - Two county residents received educational scholarships from FUND Inc
 - One resident earned a certificate in Medical Technology
 - Outreached to 400 residents
 - 10 residents completed financial literacy/management workshops
 - Two residents completed one on one financial counseling

The PHA helped residents achieve the following:

- Five FSS participants successfully graduated in 2017
- The cumulative total amount of escrow funds earned by all five graduates was \$54,972.12
- Two FSS participants purchased homes, one participant purchased a home from SHRA's Welcome Home Program
- HCV – FSS partnered up with Golden 1 and NeighborWorks to provide financial workshop series to participants on a monthly basis
- A total of 34 events were sent out to all HCV – FSS participants which included workshops, hiring events and career fairs
- One FSS participants completed their Bachelor's degrees
- Fifteen participants received transportation services to enable service provision and employment assistance.
- Forty Four percent of HCV FSS participants have accumulated escrow balances and maintained steady employment for more than one year
-

Goal: Ensure Equal Opportunity to Housing for all Americans

Progress:

- The PHA continues to take affirmative measures to ensure that access to assisted housing is provided regardless of race, color, religion, national origin, sex, familial status, disability, sexual orientation, and gender identity.
- The PHA uses its updated Language Access Plan, to provide information and forms to individuals and with limited English speaking skills.
- Continues to ensure that fair housing efforts continue to be implemented.

([24 CFR §903.15](#)). Note: A PHA may request to change its fiscal year to better coordinate its planning with planning done under the Consolidated Plan process by State or local officials as applicable.

B.8 Troubled PHA. If the PHA is designated troubled, and has a current MOA, improvement plan, or recovery plan in place, mark "yes," and describe that plan. If the PHA is troubled, but does not have any of these items, mark "no." If the PHA is not troubled, mark "N/A." ([24 CFR §903.9](#))

C. Statement of Capital Improvements. PHAs that receive funding from the Capital Fund Program (CFP) must complete this section. ([24 CFR 903.7\(g\)](#))

C.1 Capital Improvements. In order to comply with this requirement, the PHA must reference the most recent HUD approved Capital Fund 5 Year Action Plan.

PHAs can reference the form by including the following language in Section C. 8.0 of the PHA Plan Template: "See HUD Form-50075.2 approved by HUD on XX/XX/XXXX."

Revision of PHA Plan Elements.

B.1.

Deconcentration and Other policies that Govern Eligibility, Selection, and Admissions.

1. Language was added to the rent burden preference definition that would address the treatment of financial aid for students. When gross income includes the financial aid students receive to pay for tuition and fees, they do not meet the rent burden definition. Yet this income is excluded when calculating rent. The new language proposes to treat this income the same by excluding it for both rent calculation and preference determination. Language now says:

Rent burden preference for participants whose rent burden (documented rent and utilities according to applicable or prorated utility allowance schedule) exceeds 50% of gross income (gross income from financial aid for a student does not include tuition and fees)

2. The PHA is changing its process to serve homeless families from using a public wait list to serve homeless families to taking referrals from agencies serving homeless families and working in partnership with Coordinated Entry. It is believed that this will be a more effective and efficient process to serve families currently experiencing homelessness and is consistent with PIH Notice 2013-15.

G. ESTABLISHING PREFERENCES AND MAINTAINING THE WAIT LIST/TENANT SELECTION

Types Of Wait Lists

The PHA will establish separate wait lists for:

1) Tenant-Based Vouchers

Tenant-based assistance is attached to the family allowing the participant to relocate from one unit or PHA to another. Preferences are found in Chapter 4 of the Administration Plan.

2) Project-Based Vouchers

The owner must promptly notify the PHA of any vacancy or expected vacancy in a contract unit. After receiving the owner notice, the PHA will make every reasonable effort to promptly refer a sufficient number of families to the owner in order to fill such vacancies. Vacant units will be filled by families on the current Project-Based wait list, in order of preference, and then by date and time the pre-application was received where preferences are the same.

The PHA may choose to use an existing list to serve another site using the same preferences or it may choose to create a new site-based wait as the need arises. The PHA may also receive referrals from homeless service providers to be added to the wait list, whether the wait list is open or closed, in order to house homeless families.

Wait lists may be site-based or the waitlists for different sites may be consolidated if the preferences and/or eligible population are the same. Information about which wait lists serve which sites, and how to access different sites with project-based vouchers, will be posted at www.sacwaitlist.com.

Applicants who will occupy PBV units must be selected by the PHA from a wait list that is maintained by the PHA. They may either apply when the wait list is open or they will be referred to the wait list by an agency serving homeless families.

When a site-based PBV wait list has been exhausted, the PHA will fill vacant units with families referred to the wait list by the site's owner/manager.

Funding-Based Preferences

The following funding-based preferences will apply to all sites with project based vouchers, unless there are other restrictions in place that affect who can live at the site. Additionally, each site has local preferences that apply to specifically to that site.

1) Displaced by government action preference for families who have been terminated from housing as a result of insufficient funding. These families will be added to the HCV Program wait list even if the wait list is closed and will be given 30 preference points. Displaced families must submit any changes to their address in writing to ensure they receive notices from the PHA. When funding is available, these families will be selected from the wait list first. Families will be selected to be re-admitted to the HCV Program based on their original admission date. Families with the earliest admission dates will be the first to be re-admitted. The PHA will verify income eligibility and conduct a criminal background check for all adult household members, but will not re-verify preferences for families who have been displaced due to insufficient funding. (30 points)

2) Canceled voucher preference for applicant families whose vouchers were recalled due to insufficient funding. These families will be returned to the wait list and will be awarded preference points based on their status. Families must submit any changes to their address in writing to ensure they receive notices from the PHA. When funding becomes available the PHA will select families based on the effective date of their original voucher. Families with the earliest voucher effective date will be the first to be selected. The PHA will re-verify eligibility and background checks only—not preferences. (29 points)

Sites with Public Wait Lists

1) Units for Elderly Families

- Washington Plaza,
- Sutterview, and

- Sierra Vista.

The PHA currently maintains one wait list for project-based vouchers for sites serving elderly-only residents. This wait list may be used to serve additional sites serving the same population or the PHA may choose to separate wait lists to serve a specific site. This wait list will be subject to the following weighted preferences:

Local Preferences

- Family who is eligible to be a qualified family and residing in unit at the time of conversion to project-based voucher will be given an absolute preference;
 - Elderly only (16 points)
 - For elderly only housing, near elderly (aged 50-61 years of age) (8 points)
 - Residency (4 points)
 - Veteran (2 points);
 - Rent burden and/or homeless (1 point)
- (See "Definition of Preferences" for more detail.)

2) Phoenix Park

The Housing Authority may maintain one wait list for project-based vouchers where supportive services are not provided or the PHA may choose to maintain separate wait lists for different sites. Currently, this wait list serves this site only, but the Housing Authority may choose to use this list for other sites using the same preferences or choose to create a new site-based wait as necessary. This wait list will be subject to the following local preferences:

Local Preferences

- Family who is eligible to be a qualified family and residing in unit at the time of conversion to project-based voucher will be given an absolute preference;
- Residency (5 points);
- Veteran (3 points);
- Disability (2 points); and
- Rent burden and/or homeless (1 point).

(See "Definition of Preferences" for more detail.)

3) Saybrook Apartments / Serna Village

The Housing Authority may maintain one wait list for project-based vouchers where supportive services are provided or the PHA may choose to maintain separate wait lists for different sites. Currently, this wait list serves Saybrook Apartments and Serna Village, however the PHA may choose to use this list for additional sites using the same preferences or choose to separate this list to create new separate site-based wait lists to serve a specific site. This wait list will continue to exist until all the families are pulled.

NOTE: Saybrook will also receive referrals from the Continuum of Care as described in a later section.

The wait list will be organized based on the following local preferences:

Local Preferences

- Family who is eligible to be a qualified family and based on supportive services and who is residing in unit at the time of conversion to project-based voucher property will be given an absolute preference;
- Homeless (5 points);
- Have a disabled family member (5 points).
- Residency (3 points);
- Veteran (1 point).

Sites with Wait Lists Filled Via Referrals

Sites serving homeless families with services

- 7th & H.
- Martin Luther King Village.
- Shasta Hotel.
- Victory Townhomes.
- Courtyard Inn

The PHA has issued, and expects to periodically issue Requests for Proposals (RFPs) for project-based vouchers to serve homeless families where services are provided at/in close proximity to the site to support the families in their efforts to become stably housed. Because homeless families/individuals are not easily served with a wait list, the site awarded PBV for this purpose can request that families filling vacant units come via referral from a partnering service agency. Wait lists for these properties are not open to the public but are open to receiving referrals from partnering service agencies, as shown at www.sacwaitlist.com.

When considering the utilization of this methodology to fill vacant units, the PBV Site Owner/Developer will submit to the PHA:

- A. A letter on letterhead
 1. requesting to fill vacant units via referrals from the service provider to the wait list;
 2. committing to notify the PHA when/if there is a new service provider;
- B. A copy of the contract between the service provider and the site owner/developer;

- C. A certification from the service provider that they will not deny services to member of any federally protected class under fair housing laws, i.e., race, color, religion, national origin, sex, disability, or familial status.
- D. Signed copy of SHRA's Personally Identifiable Information (PII) document.

The wait list will be open for these sites to receive referrals of homeless individuals/families from the service providers to the wait lists only.

Local Preferences:

- Referred by Service Provider (100 points)

For families with the same preferences, families will be pulled from the wait list based on date and time of the pre-application.

Sites Without Wait Lists (VASH)

The PHA will establish wait lists to fill vacancies in sites receiving project-based vouchers, EXCEPT for project-based VASH (Veteran Affairs Supportive Housing) Vouchers.

Per HUD and VASH guidelines, the Department of Veteran's Affairs will provide referrals for families to VASH PBV projects. The owner or property management company for the PBV complex must promptly notify the PHA of any vacancy or expected vacancy in a contract unit. After receiving the owner's notice, the PHA will make every reasonable effort to promptly refer a sufficient number of families to the owner in order to fill such vacancies.

Sites Serving Homeless Families in Partnership with the Continuum of Care (Saybrook)

Coordinated entry, managed by Sacramento Steps Forward, will annually refer families to fill up to 15 vacancies at Saybrook Apartments. (PIH Notice 2013-15) The remainder of the vacant units will be filled from the site-based wait list managed by the PHA.

Local Preferences:

- Referred by Coordinated Entry (100 points)

3. The PHA received a Performance Partnership Pilots for Disconnected Youth (P3) grant to serve homeless youth in the tenant based voucher program. A new preference was added to serve the youth referred by partnering service providers for this program.

FAMILY ELIGIBILITY AND SELECTION

The PHA will receive referrals from an approved third party provider(s). Written documentation of these referrals must be maintained in the tenant file at the PHA.

Local Preferences:

- Referred by Service Provider (100 points)

4. The P3 grant allows for master leasing so the following language was added:

MASTER LEASING

Master leasing is an option that exists just within the P3 program.

The PHA may procure a third party to manage the rental of several rental units, either at one site or at scattered sites. An owner/developer with project based vouchers may also choose to master lease some or all of the units at the site. The role of the master leasing agency is to:

- Issue leases with tenants
- Collect rent monthly
- Maintain and operate the property on behalf of the owner and/or property manager;
- Ensure that vacant units are leased timely by referring families/individuals to the wait list in sufficient number to cover vacancies for 6 months
- Work with the PHA to ensure eligibility of families referred for housing
- Screen and select tenants
- Provide intervention and supportive services to residents to meet their needs

There will be a contract between the master leasing organization and the property owner and an additional contract between the master leasing organization and the Housing Authority.

Rent Determination:

1. Manufactured homes:

Language regarding the calculation of rent for manufactured homes is changing due to the recent passage of *Housing Opportunities through Modernization Act of 2016, (HOTMA)* which became effective as of April 18, 2017. Language included in the Administrative Plan now says:

The PHA will permit a family to lease a manufactured home and space with assistance under the program. The PHA will provide assistance for a family that owns the manufactured home and leases only the space.

For a manufactured home owner who is renting the manufactured home space, the monthly housing assistance payment is calculated as the lower of:

- (a) The PHA payment standard minus the total tenant payment; or
- (b) The rent of the manufactured home space (including other eligible housing expenses) minus the total tenant payment.

The payment standard for the family is the lower of the payment standard amount for the family unit size or the payment standard amount for the size (number of bedrooms) of the manufactured home. (The separate fair market rent (FMR) for a manufactured home space is no longer applicable to establishing the payment standard for a manufactured homeowner who is renting the manufactured home space since the payment is assisting the homeowner with other housing expenses.) The PHA payment standard will be based on the applicable HUD published FMR for the area in which the manufactured home space is located.

The PHA may approve a live-in aide if requested as a reasonable accommodation so that the program is accessible to and usable by persons with disabilities. If the PHA approves a live-in aide, the live-in aide must be counted when determining the family unit size.

The rent of the manufactured home space (including other eligible housing expenses) is the total of:

- (a) The rent charged for the manufactured home space;
- (b) owner maintenance and management charges for the space;
- (c) the monthly payments made by the family to amortize the cost of purchasing the manufactured home, including any required insurance and property taxes; and
- (d) the applicable allowances for tenant paid utilities.

Debt service for setup charges incurred by a family may be included in the monthly amortization payments made by the family but not increased debt service due to refinancing. Set-up charges incurred before the family became an assisted family may be included in the amortization cost if monthly payments are still being made to amortize the charges.

If the amount of the monthly assistance payment for a family exceeds the monthly rent for the manufactured home space (including the owner's monthly management and maintenance charges), the PHA may pay the remainder to the family, lender or utility company.

2. Payment Standards

Language regarding the use of Small Area Fair Market Rents changed as of the Public and Indian Housing (PIH) Notice 2018-1. Language now says:

D. PAYMENT STANDARDS FOR THE VOUCHER PROGRAM [24 CFR Part 982.503]

The Payment Standard is used to calculate the housing assistance payment for a family. In accordance with HUD regulations, and at the PHA's discretion, the Voucher Payment Standard amount is set by the PHA between 90% and 110% of the HUD-published FMR. This is considered the basic range. The PHA reviews the appropriateness of the Payment Standard annually when the FMR is published. In determining whether a change is needed, the PHA will ensure that the Payment Standard is always within the range of 90% to 110% of the new FMR, unless an exception payment standard has been approved by HUD. Any changes must be completed no later than 90 days following HUD's publication of the new amounts.

When determining the amount to be established for the payment standard, the PHA will consider:

- 1) The success rate of families with vouchers leasing units;
- 2) The trending of contract rent amounts in the market;
- 3) The rent burden of participating families;
- 4) The budget available; and
- 5) The lease up rate.

The PHA may approve a higher payment standard within the basic range, if required as a reasonable accommodation for a family that includes a person with disabilities. However, the payment standard cannot be approved for an amount over 120% of the Fair Market Rent.

Small Area FMR

Beginning in 2018, HUD published Small Area FMRs (SAFMRs) determined by zip code as well as the metropolitan wide FMRs. All the rules that apply to the FMRs also apply to SAFMRs and any references to FMRs are intended to include SAFMRs also.

The SAFMRs will be implemented effective April 1, 2018.

Where the payment standard is decreasing due to the new SAFMRs, the PHA will hold the families harmless as long as they continue to live in the same assisted a unit with a current HAP contract after April 1, 2018.

Where the payment standard is increasing due to the new SAFMRs, the PHA will implement the change at the next annual recertification.

Only the HCV tenant-based voucher program utilizes SAFMRs. Programs that will continue to use the metropolitan FMRs include but are not limited to:

- Continuum of Care programs (Shelter Plus Care);
- Moderate Rehabilitation; and
- Project-based vouchers (unless both the owner and the PHA agree to the change. See Chapter 21 for more information).

3. Project based Vouchers

A. Language in the Housing Opportunities through Modernization Act of 2016, (HOTMA) allows project based vouchers to be awarded to public housing properties without a competition. The Administrative Plan now says:

Non-Competitive Process

A PHA may provide PBV assistance to improve, develop, or replace a public housing property or property that it controls or has an ownership interest in without using a competitive process (H.R. 3700 Housing Opportunities Through Modernization Act of 2016, Section 106). The PHA is involved in two such projects: Bainbridge and Twin Rivers.

The PHA is disposing of one public housing property that it owns and is under a public housing Annual Contributions Contract. Per HUD regulations, the disposed unit must be replaced on a one-for-one basis in the community. The PHA intends to apply a project-based voucher to a unit of housing owned by the PHA but not receiving HUD assistance without using a competitive process (per PIH 2017-21, page 48). Specifically, the unit at 3380 Taylor Street, Sacramento will receive a project based voucher contract without following a competition so that the unit at 3867 Bainbridge Drive, North Highlands, a unit under a public housing Annual Contributions Contract, can undergo disposition.

Additionally, the PHA is replacing public housing located at Twin Rivers with mixed income housing and plans to apply 218 PBV to the newly constructed housing at this site in order to preserve affordable housing. The Choice Neighborhood Initiative (CNI) at Twin Rivers is a large effort to transform obsolete public housing to rebuild mixed income housing to create a vibrant service-rich community that is well integrated with the surrounding neighborhood.

The PHA may also add units to a PBV HAP Contract without engaging in a competitive process in order to preserve funding or provide additional resources to serve homeless families.

B. Language was added allowing the PHA to issue an RFP for project based vouchers.
Number of Units to Be Funded

The PHA may issue an RFP for housing at any time in order to create affordable housing stock that remains available to families independent of market conditions. As required, the PHA will continue to notify HUD before an RFP is published. The PHA will ensure that the number of project-based units does not exceed the maximum allowed.

Language regarding the use of Small Area Fair Market Rents changed as of the Final Rule, published on November 16, 2016 and effective January 17, 2017.

The PHA may apply Small Area FMRs to current PBV or new projects if this is mutually agreeable to both the PHA and the owner. Once the change is made to small area FMRs, the property cannot revert back to the metropolitan-wide FMR.

Language regarding the duration of the Housing Assistance Payment contract for project-based vouchers changed due to the recent passage of the *Housing Opportunities through Modernization Act of 2016, (HOTMA)* which became effective as of April 18, 2017. Language included in the *Administrative Plan* now says:

The PHA has the discretion to enter into a HAP contract with an owner for an initial term of up to twenty years, and may approve extensions not to exceed an additional 20 years, for a maximum total of 40 years. The term of all PBV HAP contracts and extensions will be negotiated with the owner on a case-by-case basis; the PHA has the discretion to approve or not approve extensions.

The PHA may extend the term of the contract if the PHA determines an extension is appropriate to continue providing affordable housing for low-income families.

Significant Amendment and Substantial Deviation/Modification

The PHA hereby defines “substantial deviation” and “significant amendment/modification” as any change in policy which significantly and substantially alters the Authority’s stated mission and the persons the Authority serves. This would include admissions preferences, demolition and/or disposition activities, and conversion programs. Discretionary or administrative amendments consistent with the Authority’s stated overall mission and basic objectives will not be considered substantial deviations or significant modifications.

If a significant amendment and/or substantial deviation/modification occur, the public process will include: consultation with the Resident Advisory Board, a public comment period, public notification of where and how the proposed change can be reviewed, and the approval by the Housing Authority Boards.

New Activities.

B.2.

Hope VI or Choice Neighborhoods

A Choice Neighborhoods Implementation grant of \$30 million was awarded to Housing Authority of the County of Sacramento on Sept 28, 2015. The transformation envisions a 499 unit mixed-income community with public, workforce, and market rate housing. The site plan and designs for the first two phases of new construction are scheduled for approval by the Planning and Design Commission on July 27, 2017. An analysis under the California Environmental Quality Act (CEQA) and the National Environmental Policy Act (NEPA) has been completed and is anticipated to be adopted by the Governing Boards in late August of 2017. A master development agreement has been drafted between the Housing Authority and the development partner and is anticipated to be executed by September of 2017.

The Housing Authority submitted a request in June of 2017 to HUD for Tenant Protection Vouchers to facilitate the relocation of a 68% of existing on-site households (141 units). In addition, the Housing Authority anticipates requesting approval from HUD to demolish all of the existing units on-site in two phases, and to dispose of the site to an entity other than the Housing Authority for purposes of accessing Low Income Housing Tax Credits and other funding sources. All 218 existing public housing units will be replaced onsite utilizing project-based housing vouchers.

Demolition will begin in June 2018 and will include abatement and demolition of the 218 units and office/commercial space at the property. Infrastructure and Construction of the property will follow in two Phases. Phase 1 will begin in July 2019 and will include 104 mixed income residential units and commercial space for property management, resident services, and community amenities. Phase Two of the new construction is anticipated to begin in 2020 and will include 66 mixed income units and a community park.

Mixed Finance Modernization or Development

The Housing Authority also anticipates making additional submissions to HUD in connection with the redevelopment of Twin Rivers under the Rental Assistance Demonstration (RAD) program, the Mixed-Finance development method, or both.

The Housing Authority intends to modernize and convert units within its public housing stock using the Rental Demonstration Program (RAD). Units listed below will be targeted for conversion to RAD.

Project Based Vouchers

The PHA may issue a Request for Proposal (RFP) for Project Based Voucher (PBV) assistance to improve, develop, or replace a public housing property or property that it controls or has an ownership interest in without using a competitive process.

Veterans Affairs Supportive Housing (VASH) will be utilized for PBV units at Twin Rivers. Additionally, the PHA plans to issue an RFP in 2019 to make PBV available to serve homeless families, through new construction and/or through the use of existing housing.

Units with Approved Vacancies for Modernization.

Per 24 CFR § 990.145 (a) (2) and PIH Notice 2011-7 (HA), the Housing Authority of the County of Sacramento (CA007—County) has requested consideration of the following units to be excluded in the Public and Indian Housing Information Center (PIC) under the applicable action category of Vacant HUD Approved.

Sacramento Housing and Redevelopment Agency (SHRA) was awarded a Choice Neighborhood Grant for the Twin Rivers District which encompasses Development Number CA007000201. The units (218) listed below are targeted for Relocation and Demolition activities beginning in the fall of 2017.
