***The SERA2 Program is utilizing the Centers for Disease Control and Prevention's (CDC) Social Vulnerability Index (SVI) which evaluates 15 social factors grouped by socioeconomic status, household composition and disability, minority status and language, and housing type and transportation to calculate the social vulnerability score to identify communities disproportionately impacted by COVID-19.

# SERA Spotlight

I'm a veteran that doesn't have all my benefits and I've been battling with PTSD and other mental disabilities the program help to keep me from being homeless. ~ Tenant
