***The SERA2 Program is utilizing the Centers for Disease Control and Prevention's (CDC) Social Vulnerability Index (SVI) which evaluates 15 social factors grouped by socioeconomic status, household composition and disability, minority status and language, and housing type and transportation to calculate the social vulnerability score to identify communities disproportionately impacted by COVID-19.

SERA Spotlight

I just wanted to personally reach out and say thank you so much for helping us and getting things done in a timely manner I'm so grateful and appreciative of you and your hard work my family thanks you and I thank you as well. You don't know how much this means to me thanks so much again. ~ Tenant
