

2022 FACT SHEET

SACRAMENTO HOUSING AND REDEVELOPMENT AGENCY

Our mission is to revitalize communities, provide affordable housing opportunities and to serve as the Housing Authority for the City and County of Sacramento.

ABOUT SHRA CHANGING LIVES IN THE COMMUNITY

The Sacramento Housing and Redevelopment Agency was created to ensure the ongoing development of affordable housing and to continuously fuel community redevelopment projects in the city and county of Sacramento. Our work is recognized by among the best in the nation by the U.S. Department of Housing and Urban Development and others. We focus our efforts on **five main areas** to achieve our mission.

Affordable Housing

1

We give our residents the tools and guidance needed to build a life and plan a future. Working with a variety of financing tools, we continuously expand housing opportunities for Sacramento's underserved community and homeless individuals and families.

Housing Authority

2

As one of the largest landlords in Sacramento, we provide 50,000 residents with affordable housing that is safe, decent, and well maintained. We also administer 13,200+ rental assistance vouchers for privately owned housing.

Community Revitalization

3

We engage with communities to reverse the impact of blighted areas and create safer places to live and work. Our activities include streetscapes and pedestrian friendly thoroughfares, lighting, parks, community centers, and mixed-use developments in low income neighborhoods and older commercial corridors.

Homeless Solutions

4

We work with public and nonprofit partners to find and implement innovative solutions to provide shelter and assistance with permanent housing for people who are experiencing homelessness. Our programs provide case management, job training, education opportunities, and more.

Neighborhood Investment

5

We administer federal programs that transform low income housing and surrounding communities and improve outcomes for families. Neighborhood investment focuses on connecting people, housing, services, transportation, job creation and education opportunities to foster thriving, sustainable communities.

OUR ACCOMPLISHMENTS MAKE A DIFFERENCE

Affordable Housing

7TH AND H

Award-winning mixed-use, transit-oriented development with 150 units of affordable and permanent supportive housing

WONG CENTER

150 units of affordable housing for seniors in the Sacramento Railyards District

LAVENDER COURTYARD

Sacramento region's first housing focusing on the needs of low income seniors who identify with the LGBTQ community as well as residents who are not gay. 52 units, including 24 permanent supportive housing units

CORNERSTONE

5-POINT HOMELESS HOUSING EFFORTS

In 2019, SHRA created a 5-Point Homeless Plan which outlined a strategy to provide additional services to individuals and families experiencing homelessness in each of the eight City Council districts throughout Sacramento. The five options included scattered sites, safe parking, sleeping tents or cabins, motel conversion pre-development, and permanent supportive housing funding. The plan has been addressed in several ways.

Emergency Bridge Housing at the Grove

A public/nonprofit/private partnership effort in North Sacramento that provides 24 sleeping cabins to serve up to 48 transitional age youth with wraparound services, education and employment options, and rental housing assistance.

Meadowview Navigation Center Women's Shelter

A sprung shelter operated through a public/nonprofit/private partnership serving up to 100 homeless women in South Sacramento to stabilize them with services, link them to income resources, and assist in finding suitable stable housing.

Capitol Park Hotel Temporary Shelter

A temporary homeless shelter operated at an existing residential hotel from September 2019 to October 2020 through a public/nonprofit/private partnership to serve up to 100 people living on the streets in the downtown area providing case management, meal service, and housing relocation and rental assistance. The shelter operation was part of a motel conversion to permanent supportive housing project with Mercy Housing.

Sacramento Emergency Rental Assistance Program (SERA)

SHRA, in partnership with the City and the County of Sacramento, developed the SERA program for residents who experienced a loss or reduction in wages due to COVID-19 to pay past due rent to landlords on behalf of eligible residents to prevent them from being evicted or becoming homeless.
