PROPOSED CHANGES
2024 Public Housing Plan

The Public Housing Authority (PHA) must define any significant changes to its policies or plans. The PHA defines a “substantial deviation” and “significant amendment/modification” as any change in policy which significantly and substantially alters the Authority’s mission and the persons the Authority serves. The proposed changes below have not been deemed “significant”.

New language is indicated in red. Deleted language is shown as strikeout.

Effective January 1, 2024, the Final Rule implementing Sections 102, 103, and 104 of the Housing Opportunity Through Modernization Act of 2016 (HOTMA) takes into effect and the changes in the Housing Choice Voucher Administrative Plan meet these HUD requirements to update the Administrative Plan and Admissions and Continued Occupancy Policy with the regulation changes.    A. Income and Allowances - Page 6-4

   Income is defined as the types of money that are to be used as income for purposes of calculating the TTP and are defined by local and federal regulations. In accordance with this definition, income from all sources of each member of the household is documented. All amounts, not specifically excluded, received from all sources by each household member who is:

   B. Imputed returns on net family assets exceeding $50,000 (adjusted annually using the CPI-W) when the value of the actual returns from a given asset cannot be calculated. Imputed returns
are based on the current passbook savings rate, as determined by HUD Actual income from assets.

C. Imputed return on assets over $50,000.

5. Chapter 6: DETERMINATION OF TOTAL TENANT PAYMENT

C. Income Exclusions Page 6-9 thru 6-11

Annual income does not include the following:

- Payments received for the care of foster children or foster adults (usually persons with disabilities, unrelated to the resident family, who are unable to live alone). This exclusion also applies to Tribal Kinship or guardianship care payments.
- Amounts paid by a state or local agency to a family with a member who has a developmental disability and is living at home to offset the cost of services and equipment needed to keep the developmentally disabled family member at home;
- Distribution of principle from Irrevocable trusts, including Special Needs Trusts.
- Veterans’ aide and attendant care.
- FSS Escrow Deposits.
- Education Savings Accounts Distributions - Coverdell or any qualified tuition program under IRS section 529 and 530

I. Regular Contributions and Gifts - Page 6-12

- 24 CFR § 5.609(c)(9). Gifts for holidays, birthdays, or other significant life events or milestones are excluded from income

K. Asset and Asset Income- Page 6-14 to 6-16

Income generated from some assets is used in the calculation of annual income for the purpose of determining the Total Tenant Payment. Net family assets are defined as the net cash value after deduction of reasonable costs that would be incurred in disposing of real property, savings, stocks, bonds, and other forms of capital investment. The following are excluded from assets:
▪ Interests in Indian trust land.
▪ Equity accounts in HUD homeownership programs; and
▪ The value of necessary items of personal property such as furniture and automobiles.
▪ FSS Accounts
▪ Education Savings Accounts- Coverdell or any qualified tuition program under IRS section 529 and 530
▪ The value of real property the family does not have legal authority to sell
▪ Irrevocable Trusts
▪ Amounts recovered in any civil action or settlement based on a claim of malpractice, negligence, or other breach of duty owed to a family member, for an incident resulting in a disability.

Where the family has net family assets in excess of five fifty thousand dollars ($5,000) (50,000) the PHA will use the greater of:

▪ Actual income from all net family assets, or
▪ Imputed asset income, which is the cash value of listed assets multiplied by HUD-determined local passbook interest rate.

Residents with assets less than five fifty thousand dollars ($5,000) (50,000) will require third-party verifications from financial institutions of all family assets upon admission to the public housing and then again at least every three (3) years thereafter.

25 CFR 5.618(a)

Families with net assets over $100,000 (after adjusted for inflation) would be ineligible from public housing. These calculations are subject to due process and the families will have an opportunity to request a review.

Families would be ineligible for assistance, if they own real property suitable for occupancy by that family and meet certain conditions (have an ownership interest, legal right to reside in, and authority to sell the property)

Exceptions may apply:

▪ A family that receives assistance for the property from the Housing Choice Voucher Program
▪ Property jointly owned with someone else, and occupied by the other owner who is not a member of the household receiving benefits
▪ A Victim of domestic violence, dating violence, sexual assault, or stalking
▪ A family that is offering the property for sale

The PHA cannot waive the asset requirement but may allow the family 6 months before serving a termination of assistance notice and may allow the family to come into compliance during that time.

*Contributions to Retirement Funds: Page 6-15*

Contributions to company retirement/pension funds are handled as follows:
7. Chapter 6: DETERMINATION OF TOTAL TENANT PAYMENT

L. Assets Disposed of for Less than Fair Market Value Page -6-16

The PHA’s minimum threshold for counting assets disposed of for less than fair market value is five and fifty thousand dollars ($5,000 - $50,000). If the total value of assets disposed of within the two (2) year period is less than five and fifty thousand dollars ($5,000 - $50,000) they will not be considered an asset.

M. Childcare Expenses - PAGE 6-17

CHILDCARE FOR SCHOOL

The number of hours claimed for childcare may not exceed the number of hours the family member is attending school, including one (1) hour travel time to and from school.

A family whose eligibility for the child care expense deduction is ending may request a financial hardship exemption to continue the deduction. 24 CFR 5.611(d).

The PHA may grant hardships for households unable to pay rent due to households no longer eligible for the childcare expense deduction. The family must demonstrate that they are unable to pay their rent because of the loss of this deduction and the childcare expense is still necessary even though the family member is no longer employed or furthering their education. The duration of relief will be up to 90 days and the PHA may terminate the hardship exemption if they determine the family no longer needs it.

9. Chapter 6: DETERMINATION OF TOTAL TENANT PAYMENT

O. Health and Medical Expenses- Page 6-18

6. The medical expense deduction is limited to families whose head, spouse/partner, co-head, or sole member is at least sixty-two (62) years of age or is a person with disabilities (elderly or disabled families). Families who are determined to be either elderly or disabled may deduct un-reimbursed medical, attendant care and auxiliary apparatus expenses that exceed three percent (3%) (10%) of their gross annual income in determining their Total Tenant Payment. When a household is eligible for a medical expense deduction, the medical expenses of all family members may be counted. Families who are already receiving a deduction for expenses that exceed 3% of gross annual income will now receive a deduction for expenses over 5% gross annual income. The percentage will increase by 2.5% annually until reaching the 10% threshold.

    **SELF-CERTIFICATION/SELF-DECLARATION- PAGE 7-4**
    
    Assets of less than $5,000 $50,000 are resident self-certified and do not require the collection of any bank statements except when the family is in the application process. Per HUDs Streamlining Rule, every three (3) years all assets regardless of value must be third party verified. 24 CFR §§960.259, 982.516
    
    If self-certification reveals more than $5,000 $50,000 in assets, all asset verifications processes must be followed for each income/asset source.

   **Explanation of Change:** Update due to HOTMA regulation change

12. Chapter 7: VERIFICATION PROCEDURES
    E. Income from Assets - Page 7-14
    
    The PHA recognizes that it is not always cost effective to incur bank verification fees or use PHA staff time to facilitate third-party verifications for checking and savings accounts. In these cases, checking and savings account balances under $5,000 $50,000 will require third-party verifications from financial institutions of all family assets upon admission to the public housing program and at least every three (3) years thereafter.
    
    Verification procedures will be performed on all sources if the self-certification reveals assets greater than five fifty thousand dollars ($5,000)--($50,000)
    
    If assets are declared to be over five fifty thousand dollars ($5,000)--($50,000), checking and savings accounts, stocks, bonds, crypto currency, real estate, interest income and dividends will be verified in the following order by:
    
    - PHA verification forms completed by the financial institution.
    - Verbal confirmation of information from the financial institution,
- Account statements, passbooks, certificates of deposit (CDs),
- Broker’s statements showing value of stocks or bonds and the earnings credited to the family. Earnings can be obtained from current newspaper quotations or broker’s verifications (oral written), and
- IRS Form 1099 from the financial institution provided that the PHA must adjust the information to project earnings expected for the next twelve (12) months.

13. Chapter 8: TRANSFER POLICY
   DIFFERENT-SIZED UNIT—OCCUPANCY STANDARD- PAGE 8-1

   The PHA may require the resident to transfer to a different-size unit if the resident’s family composition changes or other good cause exists for the PHA to make the transfer. The PHA will conduct a pre-move out inspection. The PHA will collect a new deposit in the amount in effect at the time. However, when a family requests a pre-move out inspection and, based on that inspection, the PHA will determine if a full or partial expects that all or substantially all of the security deposit will be refunded transferred to the family new unit. If all will be transferred a new deposit will not be required. However, if there is a balance the family will be responsible for paying the difference. In that case the PHA will transfer the balance of the existing deposit to the new unit and the family will be responsible for paying the remaining deposit balance (if any) at move-in time. The PHA will place all families requiring a mandatory transfer due to occupancy standards on a transfer list which will be reviewed for need-based transfers prior to offering a unit to a family in the wait pool. In order to assist the residents permanent move, the PHA will pay for reasonable moving expenses.

Explanation of Change: Clarifying the security deposit transfer to new unit.

14. Chapter 8: TRANSFER POLICY
   OUT OF AN ACCESSIBLE UNIT- PAGE 8-2

   The PHA may require a non-disabled resident to transfer from a disabled-accessible/adaptable unit to a unit that is not disabled-accessible/adaptable, when a family needs the unit with the modifications. The resident’s deposit will be transferred to the new unit and the PHA will pay for moving expenses. The PHA will conduct a pre-move out inspection. Based on that inspection, the PHA will determine if full or partial security deposit will be transferred to the new unit. If all will be transferred, a new deposit will not be required. However, if there is a balance, the family will be responsible for paying the difference. In order to assist the resident’s permanent, move the PHA will pay for reasonable moving expenses. The family will be responsible for paying the remaining deposit balance (if any) at move-in time.

Explanation of Change: Clarifying the security deposit transfer to new unit.

15. Chapter 8: TRANSFER POLICY
   Appropriate Notice for Involuntary (Mandatory) Transfers- Page 8-3

   Once an appropriate unit has become available, an offer letter will be provided to the household. Residents who have submitted transfer requests will be provided a referral letter stating that a unit meeting their needs has become available for transfer. The resident household will have ten (10) business days to accept the offer and place a deposit on the unit, sign the required appropriate paperwork documents prior to the scheduled move in date, and move into the new unit. The PHA will consider mitigating circumstances if the resident requires more additional time to complete the transfer. All current public
housing residents will be required to sign a Transfer Addendum, and new residents will sign a Transfer addendum at move-in.

Involuntary transfers for reasons other than health and safety or rehabilitation are subject to the Grievance Policy & Procedure (see Chapter 13 – Complaints, Grievances & Appeals). Transfers will be delayed until such time as the grievance request has expired or the grievance process has been completed.

**Explanation of Change:** Clarifying the policy for acceptance of a unit for transfer.

**AB. Weapons Storage**

The PHA may impose reasonable restrictions related to the possession, use and storage of a Firearm within common areas and interior of the unit. California gun laws require owners to make sure that a gun is stored unloaded, and in a place not accessible by children and adults that are prohibited from possessing a gun.

The PHA is not liable in a civil action for personal injury, death, property damage or other damages resulting from or arising out of an occurrence involving a Firearm that the PHA is required to allow on the property under this section.

Violation of this policy may result in termination of tenancy

Increases in Income to be Reported - Page 11-10

Families are required to report all increases in income or assets that occur between regularly scheduled annual recertifications (see Section C. Reporting Interim Changes.) Increases in income, less than two hundred dollars ($200) 10% of the families adjusted annual income per month, between annual recertifications will be noted in the file, however, a rent adjustment will not be calculated until the next annual recertification or the addition of a household member.

17. Chapter 11: RECERTIFICATIONS (24 CFR §960.257)
Decreases in Income and Rent Adjustments - Page 11-10

Residents may report a decrease in income and other changes, such as an increase in allowances or deductions. These changes would reduce the amount of the total resident payment. The PHA will process the rent adjustment unless the PHA confirms that the decrease in income will last less than thirty (30) days and/or will be less than fifty dollars $50 10% of the families adjusted annual income per month.

Explanation of Change: Update due to HOTMA regulation change

18. Chapter 11: RECERTIFICATIONS (24 CFR §960.257)
PROCEDURES WHEN THE CHANGE IS REPORTED IN A TIMELY MANNER - Page 11-12
The PHA will notify the family of any changes in resident rent to be effective according to the following guidelines:

- Increases in the resident rent are effective;
- At annual recertification;
- Beginning the first of the month at least thirty (30) days from the completion of recertification;
- If the income increase is greater than threshold amount of two hundred $200; 10% of the families adjusted annual income
- When there is a change in the household composition;
- Decreases in the resident rent are effective the first (1st) of the month following the month in which the change is reported.

F. Terminations due to Over-Income [24 CFR 960.261; FR Notice 07/26/2018]

The Housing Opportunity Through Modernization Act (HOTMA) of 2016 placed an income limitation on public housing tenancies. The over-income requirement states that after a family’s income has exceeded the most recent HUD-established Very Low Income (VLI) limit for the Sacramento HUD Metro Fair Market Rent Area multiplied by a factor of 2.4 (AMI) (or a different limitation established by the secretary) for two (2) consecutive years. Within six (6) months of the second year’s income determination, a PHA must provide the family with the option to either have their tenancy terminate, or have their monthly rent increase to a value that is the higher of:

- The applicable fair market rent (FMR), as established by HUD or
- The total monthly subsidy for the unit, which includes operating subsidy and capital funds, as determined by regulations.

PHAs also have discretion, under 24 CFR 960.261, to adopt policies allowing termination of tenancy for families whose income exceeds the limit for program eligibility. Such policies would exempt families participating in the Family Self Sufficiency (FSS) program or currently receiving the earned income disallowance.

At annual or interim reexamination, if a family’s income exceeds the applicable over-income limit, the PHA will document the family file and begin tracking the family’s over-income status. If one year after the applicable annual or interim reexamination the family’s income continues to exceed the applicable over-income limit, the PHA will notify the family in writing that their income has exceeded the over-income limit. Additionally, if the family continues to be over-income for the next 12 consecutive months, the family will be subject to the PHA’s over-income policies.

If two years after the applicable annual or interim reexamination the family’s income continues to exceed the applicable over-income limit, and the family has not elected to be terminated from the Housing program unit, the PHA will charge the family a rent that is the higher of the applicable fair market rent (FMR) or the amount of total monthly subsidy for the unit. The household will no longer be a public housing participant.

The PHA will notify the family in writing of their new rent amount. The new rent amount will be effective thirty (30) days after the PHA’s written notice to the family. If, at any time, an over-income family experiences a decrease in income, the family may request an interim redetermination of rent in accordance with PHAs policy. If, as a result, the previously over-
income family is now below the over-income limit, the family is no longer subject to over-income provisions as of the effective date of the recertification. The OI family will be required to execute a new NPHOI (Non Public Housing Over Income) lease within 60 days of notification.

If, at any time during the 24 month grace period, an over-income family experiences a decrease in income, the family may request an interim redetermination of rent in accordance with PHAs policy. If, as a result, the previously over-income family is now below the over-income limit, the family is no longer subject to over-income provisions as of the effective date of the recertification.

The PHA will notify the family in writing that over-income policies no longer apply. If the family’s income later exceeds the over-income limit again, the family is entitled to a new two-year grace period. PHA will begin tracking over-income families once these policies have been adopted. The PHA may terminate tenancy for families whose income exceeds the limit for the program eligibility as described at 24 CFR 960.261.
