- County: Orange
The SERA2 Program is utilizing the Centers for Disease Control and Prevention’s (CDC) Social Vulnerability Index (SVI) which evaluates 15 social factors grouped by socioeconomic status, household composition and disability, minority status and language, and housing type and transportation to calculate the social vulnerability score to identify communities disproportionately impacted by COVID-19.
"Sera Program assisted me in my very lowest struggles in life & is very professional in the response of the applications on line through email. Very on time & has a lot of reliable people helping each other for the people who are in need of assistance. Thank you & I Salute to All! Kudos to the team!" ~ Tenant
