

Draft 2024 Action Plan
County of Sacramento

Prepared by the Sacramento Housing and Redevelopment Agency

August 21, 2023

Resolution

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

This document is the Annual Action Plan (Plan) which allocates federal housing and community development entitlement grants provided by the U.S. Department of Housing and Urban Development (HUD) to projects and programs throughout the County of Sacramento (County). The Plan is administered by the Sacramento Housing and Redevelopment Agency (SHRA), on behalf of the County of Sacramento. This Plan is referred to as the Consortium Plan and includes the Urban County of Sacramento plus the cities of Citrus Heights, and Rancho Cordova. The Agreement Cities of Folsom, Isleton, and Galt fall under the Urban County of Sacramento. The projects identified in the Plan support the goals and objectives identified in the five-year Consolidated Plan. The primary purpose of the Consolidated Plan is to strategize and implement how funds will be allocated to housing and community development activities during the five-year planning period.

The County is the eighth most populated county in the State of California, consisting of urbanized neighborhoods, suburban cities, and rural communities. The range of issues confronting the County is as diverse as its residents. The County encompasses approximately 994 square miles in the middle of the 400-mile long Central Valley, which is California's prime agricultural region. According to the U.S. Census, the County has a population of over 1.5 million residents. The Urban County consists of the cities of Folsom (approximately 78,038), Isleton (approximately 597) and Galt (approximately 25,222), and the unincorporated communities of the County.

The diverse population of the Sacramento Region has divergent needs to help attain personal, educational, employment, recreational, housing, and other goals. Like many communities, the Sacramento Valley is struggling to balance limitations on available resources with increasing and acute needs including: rapidly increasing housing costs; declining federal funds to assist households with worse-case needs; a rise in homelessness; aging infrastructure and community facilities; a growing number of residents with substance abuse challenges and mental health concerns; and absorption of employment and housing demand as the greater Northern California region continues to grow and housing costs continue to rise faster than local incomes.

To meet its community's needs, this Action Plan is guided by the Consolidated Plan, which identifies three overarching goals that are applied according to these needs. The three overarching goals are:

- To provide decent housing by preserving the affordable housing stock, increasing the availability of affordable housing, reducing discriminatory barriers, increasing the supply of supportive housing for those with special needs, and transitioning homeless persons and families into housing.
- To provide a suitable living environment through safer, more livable neighborhoods, greater integration of low- and moderate-income residents throughout Sacramento, increased housing opportunities, and reinvestment in deteriorating neighborhoods.
- To expand economic opportunities through more jobs paying self-sufficient wages, greater homeownership opportunities, development activities that promote long-term community viability, and the empowerment of low- and moderate-income persons to achieve self-sufficiency.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The Consolidated Plan proposes that the public infrastructure funds be focused strategically on fewer, but larger projects in low- and moderate-income neighborhoods. The goal is to create a concentration of activity for strategic and visible impacts that deliver greater efficiencies and effectuate positive changes within the community.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

SHRA prepares the Consolidated Annual Performance Evaluation and Reporting (CAPER), which captures annual progress toward meeting needs and achieving strategies set forth in the consolidated plan and annual action plan. Through the monitoring of performance measures, staff is able to identify operational improvements, resource allocation issues, and policy questions to be addressed in the upcoming year. Overall, SHRA and its partners continue to implement its public improvement and community service projects and programs that meet the objectives established in the 2020-2024 Consolidated Plan.

Throughout this five-year Consolidate Plan period, some of the major activities funded include affordable housing construction, rehabilitation and minor repair programs; community development and infrastructure improvements; public services for homeless activities and meals on wheels for seniors; rapid rehousing and prevention; emergency shelters; supportive services; rental assistance; and

fair housing programs. In addition, occasionally SHRA has released a Notice of Funding Availability (NOFA) for small public facility projects.

SHRA also monitors subrecipients by desk review and onsite visits and outcomes will be included in the CAPER.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

SHRA's goal for citizen participation is to ensure a broad participation of City residents and housing, economic, and service providers in the planning and implementation of community development and housing programs. The preparation of the One-Year Action Plan began with "in-reach" among City Departments of Public Works, Planning, Utilities, Economic Development and Park Districts to identify potential needs, services gaps and key issues on which to focus the community outreach process. Outreach included consultation and conversations with organizations such as the Housing Authority, Volunteers of America, Sacramento Self-Help Housing, Sacramento Housing Alliance, Legal Services of Northern California, Rebuilding Together, and Meals on Wheels. SHRA also consulted with Sacramento Steps Forward (SSF) and the City and County of Sacramento on homelessness prevention issues and policies, including the Emergency Shelter Grant (ESG)-funded emergency shelter and Rapid Re-Housing Program. SHRA also actively participates in the Continuum of Care through various committees and meetings to give and gather input from the region's public service providers on homeless household (individuals and families) needs. Elected officials also provide recommendations for priority projects within their respective Districts, which are developed based on community input.

Per the Citizen Participation Plan, SHRA will publish a 30-day notice for public comments, date of the public hearing and where the public can obtain the draft Annual Action Plan on the following mediums: SHRA website, Sacramento Bee, Sacramento Observer, Russian American Media, and Latino Times with the 30-day public comment period beginning on August 21, 2023 to September 20, 2023. The public Hearing will be held before the Sacramento Housing and Redevelopment Commission (SHRC) on September 20, 2023. The public will also have the opportunity to ask questions at the Board of Supervisors on October 24, 2023.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

All comments will be reviewed and incorporated in the final Action plan.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments will be accepted.

7. Summary

AP-15 identifies the expected resources to be utilized for the Action Plan.

Funding priorities. As in past years, the overall priority for these federal funds is to increase self-sufficiency and economic opportunity for lower-income residents and individuals with special needs so that they can achieve a reasonable standard of living. The Sacramento Housing and Redevelopment Agency (SHRA), administrator of the HUD block grant funds, is committed to allocating funds that serve the needs of the lowest-income and most disadvantaged residents. Households with incomes less than 50 percent of the area median income (AMI), particularly those with extremely low-incomes (less than 30 percent of AMI), are particular priorities. Sacramento has also identified special-needs individuals as among those who face the greatest challenges and who should receive high priority in the expenditure of federal funds, including at-risk children and youth, lower-income families, the homeless and persons threatened with homelessness, the elderly (especially frail elderly), and persons with disabilities.

Priorities can be achieved through a combination of

- 1) Decent and affordable housing;
- 2) Investment in community development activities in targeted lower-income and deteriorating neighborhoods and in facilities that serve lower-income populations; and
- 3) Supportive services to maintain independence.

By focusing on these overall priorities, the County seeks to address community concerns such as:

- A need for additional decent and affordable housing to address the growing gap between housing costs and local incomes, which leads to rising rates of overcrowding, overpayment, and substandard housing conditions for Sacramento's lowest-income residents;
- Programs that improve community facilities and services laying the foundation for increased private investment, particularly in low-income areas;
- A network of shelters, housing, and services that prevent homelessness, including rapid re-housing and permanent supportive and affordable housing;
- Efforts that promote economic development and create jobs and programs that increase the job skills level of potential employees; and
- Supportive services that increase the ability of seniors, persons with disabilities, and others with special needs to live independently and avoid institutions.

PR-05 Lead & Responsible Agencies - 91.200(b)

1. Agency/entity responsible for preparing/administering the Consolidated Plan

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	SACRAMENTO COUNTY	
CDBG Administrator		SHRA - Development Department/Federal Programs
HOPWA Administrator		SHRA - Development Department/Federal Programs
HOME Administrator		SHRA - Development Department/Finance
ESG Administrator		SHRA - Development Department/Federal Programs
HOPWA-C Administrator		

Table 1 – Responsible Agencies

Narrative

Created as a Joint Powers Agency in 1981 by the Sacramento City Council and Sacramento County Board of Supervisors, the Sacramento Housing and Redevelopment Agency (SHRA) brings together financial resources and staff expertise to revitalize lower-income communities, create affordable housing opportunities, and serve public housing residents in Sacramento. The members of the Joint Powers Agency are the City of Sacramento, the County of Sacramento, the Housing Authority of the City of Sacramento, and the Housing Authority of the County of Sacramento. SHRA is the lead agency for the Consolidated Plan; SHRA administers the Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME) and Emergency Solutions Grant (ESG) funds on behalf of the City and County. Operating under the umbrella organization of SHRA is the Housing Authority for the County of Sacramento. The Housing Authority acts as the City and County's Public Housing Agency, managing public housing units and an array of affordable housing programs. The Housing Authority is currently a High Performer as determined by the U.S. Department of Housing and Urban Development (HUD). As a Joint Powers Agency, SHRA can address a number of cross-jurisdictional and regional problems. Many housing and community development issues transcend geographic boundaries. For example, homelessness is a regional issue that recognizes no geographic boundaries. As a Joint Powers Agency, SHRA has the ability to work on

either side of political boundaries for the jurisdictions of the County of Sacramento, and the Cities of Sacramento, Folsom, Isleton, and Galt when implementing HUD Office of Community Planning and Development (CPD) programs.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

As part of the Consolidated Plan development process, federal regulations (24 CFR 91.200(b), 91.215(i)) require that a jurisdiction consult extensively with community service providers, other jurisdictions, and other entities with a potential interest in or knowledge of that jurisdictions housing and non-housing community development issues. SHRA follows its adopted citizen participation plan in the development of the one-year action plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

In order to enhance coordination and form effective relationships between public and assisted housing providers and private and governmental health, mental health, and service agencies, the County of Sacramento actively consults with a variety of nonprofits, social service providers, neighborhoods and citizens, and other governmental agencies.

The following agencies/entities were consulted in preparing the 2024 Action Plan:

Fair Housing Activities: SHRA is a member of the regional Fair Housing team which includes, Legal Services of Northern California (LSNC), Community Link Capital Region (CLCR, 2-1-1 Sacramento), Project Sentinel, County of Sacramento and the cities of Sacramento, Citrus Heights, Elk Grove and Rancho Cordova. LSNC, CLCR, and Project Sentinel are subrecipients and these organizations provide fair housing services in the City of Sacramento and the Urban County of Sacramento. The Urban County also includes the cities of Folsom, Isleton and Galt.

Homeless Services: Sacramento Steps Forward (SSF), various nonprofits, the County of Sacramento's Department of Human Assistance, City of Sacramento Department of Community Response, and emergency shelter/transitional/prevention/rapid re-housing providers. The consultation included ESG and HOPWA to address the needs of the homeless and persons with HIV/AIDS and their families.

Housing Services/Affordable Housing: Affordable housing providers and supportive service agencies.

Metropolitan Planning: Various departments within the City and County of Sacramento and elected officials regarding problems and solutions for economic development, infrastructure and capital improvements, affordable housing, public services, and transportation.

Participating Jurisdictions: Cities of Folsom, Isleton, and Galt, as these jurisdictions are under Cooperative Agreements with SHRA. Cities of Citrus Heights and Rancho Cordova as these jurisdictions are members of the HOME Consortium Agreement with SHRA

Public Housing Agency: Housing Authority for the City and County of Sacramento.

Sacramento Area Council of Governments (SACOG)/Adjacent Governments: SACOG provides regional planning for affordable housing, transit, bicycle networks, clean air, and airport land uses. Members of SACOG include but are not limited to the Cities of Citrus Heights, Folsom, Galt, Isleton, Sacramento, and the Counties of El Dorado, Placer, and Sacramento.

Social Services: nonprofit social service agencies.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

SHRA coordinates with Sacramento Steps Forward (SSF) (lead agency for the Continuum of Care in the Sacramento Region) on efforts to address the needs of homeless persons and persons at risk of homelessness in various ways. This includes participating in the CoC Advisory Board which advises on funding and strategy decisions around homelessness, collaborating and having a close relationship with the City and County (the entities responsible for administering funds), and aligning priorities and goals with the County Homeless Plan.

In addition to meetings with SSF, SHRA also meets with City and County staff, as well as agencies and organizations that serve Sacramento's residents in order to help identify projects and programs to address the needs of the unhoused. The development of the 2024 Action Plan also includes active citizen and agency participation, as described in the Citizen Participation section.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

SHRA will continue to administer the Emergency Solutions Grant (ESG) program on behalf of the City and County of Sacramento, and regularly consults with the City and County of Sacramento, and SSF, as the Lead Agency for the Continuum of Care (CoC), on the ESG program. SHRA is the CoC's Administrative Entity (AE) for the State of California's Housing and Community Development Department (HCD) ESG (entitlement) program. In addition, as part of the implementation of Homeless Emergency Assistance and Rapid Transition to Housing Act of 2009 (HEARTH), SSF continues to implement a coordinated entry

and assessment system as adopted by the CoC Board per HUD guidelines. Collaborating with other funding systems can help make the rapid re-housing/prevention and shelter program(s) more comprehensive to assist in reducing homelessness in the City and County of Sacramento, including its incorporated cities.

For current HMIS administrative policies and procedures (as policies and procedures are updated from time-to-time), contact SSF. HMIS performance standards and outcomes include:

HMIS: Administrative Policies and Procedures

Strategy 1: Monitor data quality and implement improvement plans at the system, agency, and project level.

Action Step 1: Providers enter all required data fields. Benchmarks:

- 100% of data entered in required fields

Action Step 2: Increase data quality. Benchmarks:

- 100% of providers monitor and correct data quality errors on an ongoing basis
- SSF HMIS new user training emphasis on data quality.
- SSF technical assistance is provided to individual agencies as needed to improve data quality.

Strategy 2: Using HMIS data, evaluate the performance of the CoCs efforts in ending homelessness

Action Step 1: Convene a CoC Board subcommittee to Identify and establish baseline measures for system performances. Benchmarks:

- Establish a process to review, analyze and report key performance measures on a regular basis
- Report community progress to the CoC Board, the SSF Board, and the community

Action Step 2: Access accurate HUD required reports directly from HMIS. Benchmarks:

- Pull all HUD required reports directly from HMIS
- Compare HMIS reports to provider data
- 100% of providers correct inaccurate data before reporting deadline

2. Describe Agencies, groups, organizations and others who participated in the process and consultations

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	COMMUNITY LINK
	Agency/Group/Organization Type	PHA Services - Housing Services-Children Services-Elderly Persons Services-Persons with Disabilities Services-Persons with HIV/AIDS Services-Victims of Domestic Violence Services-homeless Services-Health Services-Education Services-Employment Service-Fair Housing Services - Victims Regional organization
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy Non-Homeless Special Needs Anti-poverty Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	This organization and SHRA staff met to discuss its past role in the Homelessness prevention and Rapid Re-Housing program as central intake, also discussed depending on availability of funds, its roles in providing similar services to the COC.
2	Agency/Group/Organization	Rebuilding Together Sacramento
	Agency/Group/Organization Type	Housing Services-Elderly Persons Services-Persons with Disabilities Regional organization
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Lead-based Paint Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and Rebuilding Together staff met on an ongoing basis to discuss the development of the Action Plan. The anticipated outcomes of the consultation were to improve coordination with a regional organization whose mission is to promote the general welfare and to enhance the quality of life for the Sacramento community by preserving homes for low-income, elderly and disabled residents.

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	The Sacramento Housing and Redevelopment Commission acts as the public hearing for the Action Plan. They also submit their recommendations to the Sacramento Board of Supervisors.

10	Agency/Group/Organization	ISLETON BRANNON-ANDRUS HISTORICAL SOCIETY
	Agency/Group/Organization Type	Business and Civic Leaders
	What section of the Plan was addressed by Consultation?	Economic Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Organization provided input on capital improvements that would assist with economic development in the community.
11	Agency/Group/Organization	SACRAMENTO EMPLOYMENT AND TRAINING AGENCY
	Agency/Group/Organization Type	Services-Education Services-Employment Regional organization Major Employer
	What section of the Plan was addressed by Consultation?	Public Housing Needs Non-Homeless Special Needs Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and SETA in partnership with Greater Sacramento Urban League on programs that creates pathways to employment for Housing Authority residents including Marina Vista, Adler Grove, Twin Rivers Public Housing communities, as well as residents in the promise zone and other low-income persons of Sacramento.

12	Agency/Group/Organization	GREATER SACRAMENTO URBAN LEAGUE
	Agency/Group/Organization Type	Services-Education Services-Employment Regional organization Business and Civic Leaders Major Employer
	What section of the Plan was addressed by Consultation?	Public Housing Needs Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and Greater Sacramento Urban League in partnership with SETA on programs that creates pathways to employment for Housing Authority residents including Marina Vista, Adler Grove, Twin Rivers Public Housing communities, as well as residents in the promise zone and other low-income persons of Sacramento.
13	Agency/Group/Organization	LEGAL SERVICES OF NORTHERN CALIFORNIA
	Agency/Group/Organization Type	Service-Fair Housing Regional organization
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Public Housing Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and LSNC staff met on an ongoing basis to discuss the development of the Action Plan. The anticipated outcomes of the consultation were to improve coordination with a regional organization whose mission is to promote the general welfare and to enhance the quality of life for the Sacramento community residents.

14	Agency/Group/Organization	VOLUNTEERS OF AMERICA
	Agency/Group/Organization Type	Services-homeless Regional organization Major Employer
	What section of the Plan was addressed by Consultation?	Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth Homelessness Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and this organization met on an ongoing basis to discuss their programs and development of the Action Plan. The anticipated outcomes of the consultation were to improve coordination with a regional organization whose mission is to promote the general welfare and to enhance the quality of life for the Sacramento community by identifying, developing and providing homeless prevention services .Exodus Project is a collaboration between County of Sacramento Department of Human Assistance and the procured Sacramento Self-Help Housing, Inc. and Exodus Project of St. Vincent de Paul provide 90 days of transitional housing through a scattered-site model for individuals exiting Sacramento County’s Rio Cosumnes Correctional Center jail and other jails without housing upon re-entry. Participants of the program received immediate transitional housing upon exiting jail and wrap-around services which included one on-one and group mentoring; recovery groups; and the support of a house manager, social worker/case manager, employment specialists, and a continuation of care specialist. Rehousing services were provided to ensure a smooth transition between interim and permanent housing. Participants could choose to successfully exit into a transitional housing program, a residential rehabilitation program, or, in limited cases, entry into another emergency shelter or program.

15	Agency/Group/Organization	HOUSING AUTHORITY OF THE CITY AND COUNTY OF SACRAMENTO
	Agency/Group/Organization Type	PHA Grantee Department
	What section of the Plan was addressed by Consultation?	Public Housing Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA staff continued to consult with the PHA on resident issues; most notably jobs plus, which works with the residents at Adler Grove and Marina Vista to become employed or to participate in activities leading to employment such as education and/ or job training opportunities.
16	Agency/Group/Organization	Meals on Wheels by ACC
	Agency/Group/Organization Type	Services-Elderly Persons Regional organization
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and this organization met on an ongoing basis to discuss the development of the Action Plan. The anticipated outcomes of the consultation were to improve coordination with a regional organization whose mission is to provide food for the elderly in their homes at congregate sites, and to enhance the quality of life for the Sacramento community.
17	Agency/Group/Organization	LA FAMILIA COUNSELING CENTER
	Agency/Group/Organization Type	Services-Children Services-Health Services-Education Service-Fair Housing Regional organization

	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA as the lead entity for the Promise Zone continued to engage the stakeholders to achieve the promise zone goals. The collaborative structure aligns stakeholders around one or more of the five action teams- Health, Education, Economic development, jobs and sustainably built community. This organization is a promise zone partner.
18	Agency/Group/Organization	FULTON-EL CAMINO RECREATION AND PARK DISTRICT
	Agency/Group/Organization Type	Other government - County
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and this organization met to discuss the development of the Action Plan. The anticipated outcomes of the consultation were to improve coordination with a local park district whose mission is to offer a range of programs to meet the needs of our diverse community in the areas of recreation and amenities that enhance the residents quality of life.
19	Agency/Group/Organization	SIERRA HEALTH FOUNDATION
	Agency/Group/Organization Type	Services-Health Regional organization Foundation
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Anti-poverty Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA as the lead entity for the Promise Zone continued to engage the stakeholders to achieve the promise zone goals. The collaborative structure aligns stakeholders around one or more of the five action teams- Health, Education, Economic development, jobs and sustainably built community. This organization is a promise zone partner.
20	Agency/Group/Organization	BUILDING HEALTHY COMMUNITIES
	Agency/Group/Organization Type	Services-Children Services-Persons with Disabilities Services-Health
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA as the lead entity for the Promise Zone continued to engage the stakeholders to achieve the promise zone goals. The collaborative structure aligns stakeholders around one or more of the five action teams- Health, Education, Economic development, jobs and sustainably built community. This organization is a promise zone partner.
21	Agency/Group/Organization	HEALTHY SACRAMENTO COALITION
	Agency/Group/Organization Type	Services-Persons with Disabilities Services-Health Regional organization
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Economic Development Anti-poverty Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA as the lead entity for the Promise Zone continued to engage the stakeholders to achieve the promise zone goals. The collaborative structure aligns stakeholders around one or more of the five action teams- Health, Education, Economic development, jobs and sustainably built community. This organization is a promise zone partner.
22	Agency/Group/Organization	UNITED WAY
	Agency/Group/Organization Type	Services-Persons with Disabilities Services-Employment Regional organization Business and Civic Leaders Major Employer
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA as the lead entity for the Promise Zone continued to engage the stakeholders to achieve the promise zone goals. The collaborative structure aligns stakeholders around one or more of the five action teams- Health, Education, Economic development, jobs and sustainably built community. This organization is a promise zone partner.
23	Agency/Group/Organization	Sacramento Violence Intervention Program (WellSpace)
	Agency/Group/Organization Type	Services - Victims
	What section of the Plan was addressed by Consultation?	Economic Development Anti-poverty Strategy

	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA as the lead entity for the Promise Zone continued to engage the stakeholders to achieve the promise zone goals. The collaborative structure aligns stakeholders around one or more of the five action teams- Health, Education, Economic development, jobs and sustainably built community. This organization is a promise zone partner.
24	Agency/Group/Organization	DELTA PROTECTION COMMISSION
	Agency/Group/Organization Type	Agency - Managing Flood Prone Areas Agency - Management of Public Land or Water Resources Other government - State Regional organization Planning organization
	What section of the Plan was addressed by Consultation?	Economic Development Anti-poverty Strategy
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	Consult regularly with DPC on their regional planning efforts and projects. Their mission is to adaptively protect, maintain, enhance and restore overall quality of the Delta environment and economy.
25	Agency/Group/Organization	Cordova Recreation & Park District
	Agency/Group/Organization Type	Other government - Local
	What section of the Plan was addressed by Consultation?	Non-Homeless Special Needs Economic Development
	Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?	SHRA and the collaborative staff met to discuss a potential project for the Action Plan.

Promise Zone	SHRA	The Promise Zone is a locally driven, place-based strategy for revitalization of Sacramento. The partner agencies encompass health, jobs, economic development, sustainable built communities, and education
State ESG	SHRA	Implement the state ESG program in Sacramento to provide Rapid Rehousing services to the homeless individuals throughout the country, including City jurisdiction.
County Housing Element	County of Sacramento and SHRA	It is a state required chapter of the general plan. It includes implementation strategy SHRA implements.

Table 3 – Other local / regional / federal planning efforts

Narrative

SHRA also meets with the Capital Region Coalition for Digital Inclusion to discuss broadband inclusion and availability in the Sacramento Region. The Coalition built collaborative relationships, conducted assessments of needs including through community engagement, and produced an initial report focused on increasing digital access through two avenues: affordable internet and devices, and digital literacy/skills.

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

SHRA's goal for citizen participation is to ensure a broad participation of County residents and housing, economic, and service providers in the planning and implementation of community development and housing programming.

The preparation of the One-Year Action Plan began with "in-reach" among City and County's Departments of Public Works, Planning, Utilities, Economic Development and Park Districts to identify potential needs, services gaps covering transportation, parks, planning and economic development. Key issues were discussed with the focus on the community outreach process. Outreach included consultation and conversations with organizations such as the Housing Authority, Volunteers of America, Sacramento Self-Help Housing, Sacramento Housing Alliance, Legal Services of Northern California, Rebuilding Together, and Meals on Wheels. SHRA also consulted with Sacramento Steps Forward and the City and County of Sacramento on homelessness prevention issues and policies, including the Emergency Shelter Grant-funded emergency shelter and Rapid Re-Housing Program. SHRA also actively participates in the Continuum of Care's through various committees and meetings to give and gather input from the region's public service providers on homeless household (individuals and families) needs.

For the 2024 Action Plan, SHRA held public meetings beginning in February to receive input from the public, the Sacramento Housing and Redevelopment Commission (SHRC) and the Board of Supervisors. In February, workshops were held to review CDBG objectives, eligibility requirements, 2024 entitlement estimates for CDBG, HOME, ESG and HOPWA and estimated allocations by funding activity (Infrastructure, Housing, Public Service and Planning and Administration), provide examples of funded projects, and Action Plan preparation and adoption schedule. The SHRC workshop occurred on February 1, 2023, and the Board of Supervisor's meeting occurred on February 28, 2023. Once the list of draft projects was identified, this was presented to the Board of Supervisors on June 6, 2023 for review and comment.

The public hearing will be held before the Sacramento Housing and Redevelopment Commission (SHRC) on September 20, 2023 and subsequent final approval by the Sacramento County Board of Supervisors on October 24, 2023. The public hearing was promoted through SHRA website, Sacramento Bee, Sacramento Observer, Lange Vietnamese Weekly Magazine (Translated into Vietnamese), and the Latino Times (Translated into Spanish) The 30-day public comment period is August 21, 2023 to September 20, 2023. The public has the opportunity to submit comments during the 30-day public comment period or at the public hearing or final Board of Supervisors meeting.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

SHRA, on behalf of the City and County of Sacramento, anticipates that over the course of the Strategic Plan it will have CDBG, CDBG-CV, HOME, ESG, ESG-CV and HOPWA available for use in the jurisdictions. Along with these federal entitlements, jurisdictions may elect to utilize Section 108 loans, Low-Income Housing Tax Credits, and the State of California's housing programs to support housing development. The City of Sacramento has received a Section 108 loan of \$16.4 million as a resource for the Mirasol Village (formerly Twin Rivers) Transit Oriented Development and Light Rail Station Project. The funding will be used for the construction of new infrastructure including streets and wet and dry utilities, and an early childhood education center. The local Housing Trust Fund monies is limited as commercial development which generates these funds has stalled in recent years, but it is possible over a five-year period for commercial development to increase thereby generating growth in the trust funds to use for projects or matches.

The Anticipated Resources Matrix outlines each of these funds, expected amounts available in Year 5 and a projection of resources between FY 2024 and FY 2025, as well as a list of eligible uses of funds per HUD regulations. The amounts include funds subject to administrative caps, which will not be spent on programming identified in the Goals section of SP-45. These include SHRA staff salary and fringe benefits, as well as the Fair Housing Program activities.

Other resources that may be employed include funds proved under other HUD programs, grants from the Department of Commerce, the Economic Development Administration, the Federal Emergency Management Agency, federal, State, and local energy efficiency programs, federal tax credits and mortgage credit certificates, County General Funds, and other federal or State grant programs as may be identified.

One of the main obstacles to meeting community needs is inadequate resources for programs that could address these needs. During the period of time leading up to this Action Plan, the State of California and local governments experienced a dearth of resources to finance affordable housing and affordable housing production has lagged as a result. For the period of this current Consolidated Plan, the State of California has dedicated additional resources and we expect that the production volume will increase; however, thus far, the State funds have proven to be very competitive given California's affordable housing crisis. In November of 2018, voters approved a \$4 billion dollar statewide affordable housing bond and a new, ongoing source of affordable housing funding was approved by the legislature in 2017 (Senate Bill 2). The State has

significantly increased the amount of resources available to support housing for homeless and mentally ill through the Mental Health Services Act funds which can now be used for capital expenditures. Affordable housing resources are also being generated through the State’s cap and trade program for housing that helps improve land use patterns in a way that reduces greenhouse gas emissions. Most of the new resources require affordable housing developers to compete with one another for a limited amount of funding. The County will continue to work with developers and provide the local resources they need in a timely manner in order to demonstrate local support and financial leverage to place developments in the best position to obtain these limited dollars.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	5,800,000	10,000	1,570,157	7,380,157	5,800,000	Annual Allocation, Anticipated Program Income and prior years resources (program income canceled projects, unallocated funds, and reprogramming of remaining funds from completed projects)

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
HOME	public - federal	Acquisition Homebuyer assistance Homeowner rehab Multifamily rental new construction Multifamily rental rehab New construction for ownership TBRA	3,700,000	250,000		3,950,000	3,700,000	Annual Allocation, Anticipated Program Income and prior years resources (including prior year's program income)

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
ESG	public - federal	Conversion and rehab for transitional housing Financial Assistance Overnight shelter Rapid re-housing (rental assistance) Rental Assistance Services Transitional housing	500,000	0	0	500,000	500,000	Annual Allocation and Prior Years Resources (reprogramed funds from completed) projects

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Affordable housing developers and SHRA must be as creative as possible to find other sources of funding from State programs targeted to low- and very low-income households, other non-HUD federal sources, private loan funds, federal and State tax-credits, and local funding, such as the housing trust funds, and mixed income housing funds, local transportation improvement funds and local fee waivers or credits. SHRA will comply with applicable federal regulations for the matching requirements for the HOME and ESG programs, and the match for both programs will be reported annually in the Consolidated Annual Performance Evaluation Report (CAPER). In order to obtain tax credits, multiple sources of funding are required and the minimum matching requirements are typically far exceeded in each project.

These resources include funds provided under other HUD programs, the Economic Development Administration, the Federal Emergency Management Agency, federal, State and local energy efficiency programs, federal and State tax credits and mortgage credit certificates, County General Fund and other federal grant programs as may be identified.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

SHRA does have a limited inventory of publicly owned developable land, including both residential and commercial sites, within either the City or County. To the extent possible, and conditioned upon adequate funding sources and development opportunities, these properties may be developed to meet the purposes of the Strategic Plan.

A vacant lot disposition strategy, approved during the last Consolidated Plan period which includes large sites to be developed through various options, including public-private partnerships. Development partners will be identified through the issuance of Requests For Proposals (RFPs). Each site's development will be dependent upon developer interest as well as funding availability. In 2022, RFPs were issued for two sites, the status of the two sites is outlined below:

1) 46th and Lang (Cornerstone), site is 7 acres, and will create 108 1, 2, and 3-bedroom affordable multi-family units, and 18 single family homes. the project has received all entitlements and financing and construction is underway scheduled to be completed in 2025.

2) San Juan Opportunity Site, site is 5.5 acres, located in the City and the County. The City and County received approval in February of 2023 for Phase 1 of the development. City and County entitlements have been received and construction and is schedule to be complete in 2025.

Discussion

Please see above.

Annual Goals and Objectives

AP-20 Annual Goals and Objectives - 91.420, 91.220(c)(3)&(e)

Table 3 – Goals Summary

Goal Descriptions

1	Goal Name	Infrastructure and Public Improvements
	Goal Description	The infrastructure and public improvement projects recommended in the Consolidated Plan are determined by priority need within targeted low- and moderate-income areas in the Sacramento Region.
2	Goal Name	Housing Development, Preservation & Homeownership
	Goal Description	Provides loans for the construction, acquisition and rehabilitation of low- and moderate-income multi-family housing; emergency repair/accessibility grants; provides loans or grants to owner-occupant low- and moderate-income homeowners; and minor repair and ADA for seniors and low-income homeowners.
3	Goal Name	Public Services
	Goal Description	Provides funding to support human assistance programs in the Sacramento Region. For CDBG, HUD limits funding for public services to 15 percent of the total amount of entitlement and program income, for ESG, HUD limits funding for administration of the public service at 7.5 percent of entitlement.

4	Goal Name	Agreement Cities
	Goal Description	Provides CDBG funding allocations to the cities of Folsom, Isleton and Galt. The cities of Rancho Cordova, Elk Grove and Citrus Heights receive CDBG directly from HUD.

AP-35 Projects - 91.420, 91.220(d)

Introduction

HUD requires a consolidated planning process for the federal CDBG, HOME and ESG programs. This process consolidates multiple grant application requirements into a single submission. The concept of the Consolidated Plan was developed to further HUD's statutory goals through a collaborative process involving the community to establish a unified vision for future community development actions.

The adopted Consolidated Plan outlines proposed strategies for the expenditure of CDBG, HOME, and ESG funds for the period 2020-2024. In general, the mission of the Consolidated Plan is to revitalize selected lower-income neighborhoods and to assist disadvantaged populations by providing adequate public facilities and services, generating affordable housing opportunities, and stimulating economic development.

The amounts include funds subject to administrative and public service caps. These include SHRA staff salary and fringe benefits, as well as the Fair Housing Activities.

Below are the activities proposed for the 2024 program year. Where outcomes are not listed, these are still being determined. A map of the infrastructure and public facility improvement projects are included as an attachment in the AP-26 Administration section.

IDIS only allows ESG to be added as one project with one funding. ESG funding will be allocated as follows: \$185,000 Rapid Rehousing, \$277,500 Emergency Shelter, and 37,500SHRA Administration for a total of \$500,000.

Table 4 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

To meet underserved and unmet needs identified during the development of the 2023 Action Plan, the County has allocated PY2023 CDBG funds for public service activities (senior nutrition and homeless activities). The allocated level of support for public service activities funding complies with HUD’s annual public services category cap.

The County considered community goals and priorities identified in the 2020-2024 Consolidated Plan, as amended, in allocating its Program Year 2024 CDBG funds.

Other Program Year 2024 activities funded with CDBG resources were identified during the citizen participation process for development of the Consolidated Plan, input received by the County of Sacramento to determine and prioritize parks, community facilities and public works projects and support Sacramento’s overarching goal of developing a viable community in which all residents, but especially those in low to moderate income households and those who have special needs, enjoy:

- Decent housing;
- Suitable living environments; and
- Expanded economic opportunities.

As identified in its 2020-2024 Consolidated Plan, the primary obstacle to addressing underserved needs in Sacramento continues to be the lack of federal, state, and local resources including CDBG Entitlement funds to meet the high level of underserved needs in the community.

SHRA, working with the City and County of Sacramento, will continue to allocate funding to infrastructure improvement and affordable housing projects to improve aging infrastructure and provide decent, safe and affordable housing to its residents.

AP-38 Project Summary
Project Summary Information

1	Project Name	Elkhorn Boulevard Complete Streets Project
	Target Area	
	Goals Supported	Infrastructure and Public Improvements
	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$300,000
	Description	Project will Design and install signal modifications/video detection and Full ADA Improvements. 03K/7402;7406;7429;7414;7428/LMA
	Target Date	12/31/2025
	Estimate the number and type of families that will benefit from the proposed activities	20,055 Persons
	Location Description	Elkhorn Blvd, between Watt Ave and Don Julio Blvd
	Planned Activities	See Above
2	Project Name	Florin Road Bicycle Pedestrian Improvements
	Target Area	
	Goals Supported	Infrastructure and Public Improvements
	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$1,000,000
	Description	See Above
	Target Date	12/31/2025
	Estimate the number and type of families that will benefit from the proposed activities	18,815 Persons
	Location Description	On Florin Rd, between Franklin Blvd and Power Inn Rd
	Planned Activities	See Above
3	Project Name	North Watt Avenue Area Pedestrian Improvements
	Target Area	
	Goals Supported	Infrastructure and Public Improvements

	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$250,000
	Description	Design/Engineer and construct sidewalk infill, three streetlights and curb ramp and traffic signal improvements 03k/7301/LMA
	Target Date	12/31/2025
	Estimate the number and type of families that will benefit from the proposed activities	3,095 Persons
	Location Description	Area bounded by Watt Ave, Winona Way, Myrtle Way, Roseville Road
	Planned Activities	See Above
4	Project Name	Watt avenue complete streets
	Target Area	
	Goals Supported	Infrastructure and Public Improvements
	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$200,000
	Description	This project will design and construct, buffered bike lanes, separated pedestrian-friendly sidewalks, landscaped medians, improved transit facilities for pedestrians including bus turnouts, improve street lighting, improve signalized intersections, and other streetscape amenities 03k/7301;7413/LMA
	Target Date	12/31/2025
	Estimate the number and type of families that will benefit from the proposed activities	5,940 Persons
	Location Description	Watt Ave, between I-80 and Roseville Road
	Planned Activities	See Above
5	Project Name	Rosemont Area Street Lights
	Target Area	
	Goals Supported	Infrastructure and Public Improvements

	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$250,000
	Description	This project will include design and construction of new street lights in the Rosemont area between Kiefer Boulevard and Tallyho Drive, and between Huntsman Drive and Mayhew Road. 03k/9112/LMA
	Target Date	12/31/2025
	Estimate the number and type of families that will benefit from the proposed activities	4,425 Persons
	Location Description	Andedon, Avante, Henley, Vosburg, Wesporter Dr and Portions of Tallyho Dr
	Planned Activities	This project will include design and construction of new street lights in the Rosemont area between Kiefer Boulevard and Tallyho Drive, and between Huntsman Drive and Mayhew Road.
6	Project Name	Fruitridge Sidewalk Improvements Phase 2
	Target Area	
	Goals Supported	Infrastructure and Public Improvements
	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$275,000
	Description	The project includes the removal and replacement of sidewalk at various locations in the Fruitridge area of Sacramento County. The project will eliminate sidewalk displacements to augment ADA ramps and pedestrian access and eliminate excessive sidewalk cross slope to bring them into accessibility standards. Fruitridge Pocket Area 03k/4402&4401/LMA
	Target Date	12/31/2025
	Estimate the number and type of families that will benefit from the proposed activities	9,875 Persons
	Location Description	Within Fruitridge area: 14th Avenue, Stockton Boulevard, Parker Avenue, and 44th Street
Planned Activities	See Above	

7	Project Name	Wyda Way Sidewalks
	Target Area	
	Goals Supported	Infrastructure and Public Improvements
	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$400,000
	Description	Project to design and Engineer sidewalk infill project, new sidewalks, roadway drainage. Wyda Way between Alta Arden Expressway and Markston Road 03k/5505/LMA
	Target Date	12/31/2026
	Estimate the number and type of families that will benefit from the proposed activities	3,240 Persons
	Location Description	Wyda Way between Alta Arden Expressway and Markston Road
	Planned Activities	See Above
8	Project Name	Old Florintown Park Sewer Line
	Target Area	
	Goals Supported	Infrastructure and Public Improvements
	Needs Addressed	Non-Housing Community Development
	Funding	CDBG \$200,000
	Description	install and connect sewer line for bathroom at Old Florintown Park, on Florin Road and McComber Street. 03F/9201/LMA
	Target Date	12/31/2025
	Estimate the number and type of families that will benefit from the proposed activities	7,550 Persons
	Location Description	Old Florintown Park, on Florin Road and McComber Street
	Planned Activities	See Above
9	Project Name	Capital Improvement Project Environmental Scoping

	Target Area	
	Goals Supported	Infrastructure and Public Improvements Agreement Cities
	Needs Addressed	Non-Housing Community Development
	Funding	CDBG: \$25,000
	Description	Funding for CEQA/NEPA review, environmental studies and mitigation costs for 2023 projects. 20/Countywide
	Target Date	12/31/2024
	Estimate the number and type of families that will benefit from the proposed activities	TBD
	Location Description	Countywide
	Planned Activities	Funding for early cost estimates, resource identification, conceptual design, environmental studies and/or the development of plans, strategies and studies for CDBG-eligible projects. Location and scope to be determined by an internal process of requests on first-come, first served basis.
10	Project Name	Minor Repair & ADA for Seniors and Low-Income Homeowners
	Target Area	
	Goals Supported	Housing Development, Preservation & Homeownership
	Needs Addressed	Affordable Housing
	Funding	CDBG: \$55,000
	Description	Provides for deliver costs with minor home repairs and Safe at Home Programs for low and moderate income homeowners (HARPS and Safe at Home) 14H/Countywide/LMH
	Target Date	12/31/2024
	Estimate the number and type of families that will benefit from the proposed activities	50
	Location Description	Countywide

	Planned Activities	Provides for deliver costs with minor home repairs and Safe at Home Programs for low and moderate income homeowners (HARPS and Safe at Home)
11	Project Name	Home Repair Program (2023)
	Target Area	
	Goals Supported	Housing Development, Preservation & Homeownership
	Needs Addressed	Affordable Housing
	Funding	CDBG: \$200,000
	Description	This Program provides grants to low-income homeowners for health and safety repairs and accessibility modifications for moderate income disable residents. 14A/Countywide/LMH
	Target Date	12/31/2024
	Estimate the number and type of families that will benefit from the proposed activities	10 Households
	Location Description	Countywide
Planned Activities	This Program provides grants to low-income homeowners for health and safety repairs and accessibility modifications for moderate income disable residents.	
12	Project Name	Affordable Housing Rehabilitation Program
	Target Area	
	Goals Supported	Housing Development, Preservation & Homeownership
	Needs Addressed	Affordable Housing
	Funding	CDBG: \$698,142
	Description	Provide loans/grants to rehabilitate low- and moderate-income multi-family housing units. 14B/Countywide/LMH
	Target Date	12/31/2024
	Estimate the number and type of families that will benefit from the proposed activities	

	Location Description	Countywide
	Planned Activities	Provide loans/grants to rehabilitate low- and moderate-income multi-family housing units.
13	Project Name	Housing Programs Implementation and Delivery
	Target Area	
	Goals Supported	Housing Development, Preservation & Homeownership
	Needs Addressed	Affordable Housing
	Funding	CDBG: \$246,858
	Description	Delivery costs related to multi-family rehabilitation, and SHRA's Home Repair Program. 14H/Countywide/LMH
	Target Date	12/31/2024
	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	Countywide
	Planned Activities	Supportive services for affordable housing/multi-family rehabilitation/new construction, Section 3 related activities, environmental and emergency repair/accessibility programs and activities
14	Project Name	Homeless Activities
	Target Area	
	Goals Supported	Public Services
	Needs Addressed	Homelessness Prevention
	Funding	CDBG: \$440,489
	Description	"Funds will be used to design, administer, and implement homeless programs including but not limited to housing and shelter, detoxification, medical and counseling services, and the provision of food." 03T/Countywide/LMC
	Target Date	12/31/2024

	Estimate the number and type of families that will benefit from the proposed activities	
	Location Description	Countywide
	Planned Activities	Funds will be used to design, administer, and implement homeless programs including but not limited to housing and shelter, detoxification, medical and counseling services, and the provision of food.
15	Project Name	Meals on Wheels

Geographic distribution is not used.

Discussion

The County of Sacramento strives to make all programs and activities available to eligible low and moderate-income residents regardless of sex, gender identify, race, religious background, or disability. As a result, many programs, including emergency repair, affordable housing, and public services, will be available to residents countywide. Projects that do have a specific, pre-determined geographic location are often located in or near areas of minority concentration, as seen in the attached map in AP-26 Administration page.

Affordable Housing

AP-55 Affordable Housing - 91.420, 91.220(g)

Introduction

Lower-income households continue to pay a higher percentage of their income for housing, compared to other income groups. A large proportion of lower income renter-households also tend to experience other housing problems such as overcrowding and inadequate housing conditions. In order to help provide decent and affordable housing, and improve the social and economic status for extremely low-, very low-, and low--income households in the County of Sacramento, the following programs will be available during the next program year: HOME-funded new construction and multifamily rental rehabilitation, CDBG-funded multifamily rental rehabilitation, minor home repair/accessibility programs, and the City of Folsom for its Seniors Helping Seniors Handyman Program. In addition, CDBG and ESG will provide funding for homeless shelters and the rapid re-housing program; an estimated 225 persons in the emergency shelters (approximately 65,700 bed nights) and 20 persons receiving rapid re-housing assistance.

One Year Goals for the Number of Households to be Supported	
Homeless	20
Non-Homeless	72
Special-Needs	150

Table 7 - One Year Goals for Affordable Housing by Support Type

Discussion

SHRA will continue to provide homeownership assistance programs as well as use program income generated by earlier CalHome down payment assistance loans.

- SHRA's Multifamily Lending and Mortgage Revenue Bond Program for projects of 12 or more units, offers various forms of financing to affordable housing developers, both for-profit and non-profit, in order to preserve and expand the supply of affordable housing. The priorities are outlined below:
 1. Preservation of Existing Affordable Housing at Risk of Losing Affordability Preservation of projects which are currently publicly subsidized, but at risk of losing affordability restrictions due to sale, termination, or public subsidy reductions.
 2. New Construction and Conversion of Non-Residential to Residential Use Projects will be prioritized as follows:
 - a. Permanent Supportive Housing and Homeless Housing
 - b. Veterans
 - c. Workforce (30% AMI to 60% AMI)
 - d. Other
 3. Rehabilitation of Existing Affordable Housing Substantial rehabilitation of projects with affordability restrictions, including projects that have reached the expiration of their 15-year tax credit compliance period, but only in conjunction with new mortgage revenue bonds, tax credits, and/or other affordable housing resources to the greatest extent feasible.
 4. Rehabilitation of Market Rate Housing into Affordable Housing Substantial rehabilitation that results in the conversion of market rate to affordable housing.

SHRA has adopted these priorities in order to reduce homelessness, housing cost burden and overcrowding. As a result of SHRA's Multifamily Lending and Mortgage Revenue Bond Programs and the long-term rent restrictions placed on SHRA-subsidized units, property owners are required to offer their tenants units at an affordable rent, reducing the tenants' rent burden. In addition, a reduction of

overcrowding may occur due to the production of unit sizes ranging from one to four bedrooms.

Other assistance may include:

- Assistance with the issuance of tax-exempt Mortgage Revenue Bonds (MRB) to be used as a financing tool for qualified multifamily projects; and
- SHRA will also compete for affordable housing funds from the State Department of Housing and Community Development such as the CalHome program which provides funds for down payment assistance and the Local Housing Trust Fund Matching Program which can help SHRA fund more affordable housing units, and where feasible, SHRA will partner with an affordable housing developer(s) on State of California Homekey applications.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

The Housing Authority provides affordable housing for over 7,600 residents through its Public Housing Program and serves over 12,000 extremely low-, very low- and low-income families, seniors, and disabled individuals through the Housing Choice Voucher Program. Housing Authority staff continues to implement a series of internal audits and monitoring systems. The HA will manage assets by continuing to strategically reposition public housing units and implement site-based waiting lists that remain open to allow for greater resident unit selection and a more efficient lease-up and housing administrative process. Both actions will help the Housing Authority maintain high occupancy rates.

The \$30 million Choice Neighborhoods Implementation Grant (CNI) continues to redevelop the Mirasol Village (formerly Twin Rivers public housing community) (Housing Authority of the County of Sacramento asset) located in the City of Sacramento). Mirasol Village is being developed in five phases. The first phase includes Blocks B and E (123 units) and construction is now completed and occupied. The second phase is Block A (104 units) and construction will be completed in 2023. The third phase is Block C (84 units) and is anticipated to be completed in 2023. The fourth phase, Block D (116 units) is anticipated to be completed in 2025. The fifth phase, Block F, is the block east of 12th Street and will be the last block developed. The Block F site requires environmental remediation prior to development for residential purposes.

The Early Childhood Education Center will be constructed adjacent Block D and will be operational in 2025, serving up to 60 children and their families.

This project is focused on three core goals:

1. **Housing:** Replace distressed public and assisted housing with high-quality mixed-income housing that is well-managed and responsive to the needs of the surrounding neighborhood;
2. **People:** Improve educational outcomes and intergenerational mobility for youth with services and supports delivered directly to youth and their families; and
3. **Neighborhood:** Create the conditions necessary for public and private reinvestment in distressed neighborhoods to offer the kinds of amenities and assets, including safety, good schools, and commercial activity, that are important to families' choices about their community.

The transformation includes a 487 unit mixed-income community with public, workforce, and market rate housing. Design is complete and currently approved for an on-site Phase One of approximately 104 units and management/community space.

The Housing Authority issued HUD Tenant Protection Vouchers to facilitate the relocation of a percentage of existing on-site households in Fall 2017. The Housing Authority also received approval from HUD to dispose and demolish all of the existing units on-site, and to dispose of the site to an entity

other than the Housing Authority for purposes of accessing Low Income Housing Tax Credits and other funding sources. Construction on Phase One is anticipated to begin in December 2018. The project is being redeveloped with a mix of federal, State and local funds, low-income housing tax credits and private equity and debt.

Actions planned during the next year to address the needs to public housing

The Housing Authority will continue to develop and implement repositioning strategies outlined in the property assessment plan that evaluated immediate and long-term financial viability of the public housing units. The Housing Authority will continue to use innovative techniques to leverage limited existing resources providing the greatest potential return on investment.

The Housing Authority will continue to follow its asset repositioning plan for its Public Housing units. In 2021, the Housing Authority was able to successfully implement the first phase of the Rental Assistance Demonstration (RAD) program which converted 124 scattered site units in its Public Housing portfolio over to the project-based Section 8 programs. The Central City I RAD project was completed in December 2022 and a RAD application was submitted for Central City II, which should be completed in 2023. A RAD application will be submitted annually over the next 7 to 10 years with the final goal to have all Public Housing units converted to project based Section 8 by 2031.

The Housing Authority also utilizes the streamlined Section 18 disposition process under the Housing Opportunity Through Modernization Act (HOTMA) to move 214 Public Housing units from the Public Housing Inventory to the Project-based Section 8 platform.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Focusing on resident initiatives continues to be a priority for the HA. The large public housing developments such as Marina Vista and Alder Grove as well as various high rises in the downtown Sacramento area utilize resident committees as the main tool for tenant involvement. A Resident Advisory Board is organized to support all of these committees. Resident committees provide input on policies and the development of funding for the modernization of public housing units.

Two public housing residents currently serve on the Sacramento Housing and Redevelopment Commission, which serves as the advisory panel to SHRA related to Housing Authority activities as well as serves as a liaison between the HA and City Council and the County Board of Supervisors.

The HA contracts with residents to serve in the capacity of caretakers for their housing developments when there is no on-site HA management; duties include policing the grounds, light cleanup, and informing management of problems related to their complex.

The HA coordinates a resident training program which provides training in three employment areas:

painting, janitorial and clerical work. Public housing residents and/or Housing Choice Voucher Program participants work with SHRA staff to gain experience and acquire the requisite skills for full-time regular employment.

HA programs are reviewed on an annual basis and new programs are added or deleted based on requests from residents or in response to legislation. Resident Services staff strives to stay knowledgeable about what services are available in the community to assist residents and to bring resources and services to the developments whenever possible. The following programs are currently available to residents in the family and senior/disabled developments:

- Quarterly newsletter with information about resources and services available in the community
- Neighborhood Security Homeownership Program
- Senior Nutrition Program
- Seasonal recreation and lunch programs

The HA updates its Admissions and Continued Occupancy (ACOP) and Administrative Plan annually to incorporate changes required by federal regulations, guidance, and notes.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

The County will invest CDBG and ESG funds to address needs identified in the Consolidated Plan including resolving and preventing homelessness and providing public services, including emergency shelter services, to special needs populations including literally and chronic homeless. SHRA on behalf of the County will assist homeless and some at-risk of homelessness households to access permanent housing through ESG, and with funding through the County's Bringing Families Home Program. SHRA will also provide ESG And CDBG funds for emergency shelters.

SHRA will continue to fund Meals on Wheels, a senior nutrition program, which serves seniors 60 years of age or older throughout the local Sacramento County area. The program helps keep seniors in their homes and communities by providing nutritious meals, safety net services, social contact, community resource information and more.

The Homeless Housing, Assistance and Prevention (HHAP) program is being administered by the California Interagency Council on Homelessness (Cal ICH). The Sacramento region is expected to receive the following HHAP-3 allocation: Sacramento Continuum of Care: \$8.32 million, City of Sacramento: \$16.68 million, County of Sacramento: \$7.76 million HHAP-1 funds are to be fully expended by June 30, 2025, and HHAP-2 and HHAP-3 must be fully expended by June 30, 2026. It is anticipated that the HHAP Round 4 Notice of Funding Availability will be released in late 2022. The City of Sacramento, County of Sacramento continue to collaborate with SSF on funding investments, and through the HHAP-3 application process, a Sacramento Local Homeless Action Plan (LHAP) was initiated in early 2022 to meet the requirements of the HHAP-3 application, but more importantly to create a cross-jurisdictional unified approach to addressing homelessness across Sacramento County. This three-year plan beginning on July 1, 2022 through June 30, 2025 was developed in partnership with SSF, Sacramento City and County Continuum of Care, Sacramento County, City of Sacramento and SHRA. Implementation of strategies for HHAP funding are supported by guiding principles and includes a commitment to racial equity; inclusion of partners with lived expertise; improved data collection; a person-centered, trauma-informed county-wide response system that provides access to immediate and ongoing support service needs (i.e. mental health, substance use, housing retention); and continuation of collaborative planning and decision-making across jurisdictions. In June of 2018, the Governor signed Senate Bill 850, which allocated over \$553 million in one-time State funding. The State has since continued making financial investments to address homelessness and has expanded funding sources to include: The Homeless Housing, Assistance, and Prevention Program (HHAP), in addition to the existing California Emergency Solutions and Housing Program (CESH). Each program operates as a block grant intended to get funding to the Continuum of Care (CoC) entities and localities quickly and efficiently for emergency response programs. The City and County of Sacramento continue to collaborate with SSF on HHAP and CESH investments to sustain the following five funding objectives: Address the immediate need of unsheltered populations; Fund activities that can be implemented quickly and can flex down within expenditure timelines; Use the existing administrative infrastructure to deliver services; Drive broader system change

and improvements; and Measure, evaluate and communicate results.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Sacramento Steps Forward (SSF), as the Lead Agency for the Continuum of Care (CoC), will continue to meet with the CoC Board, the City and County, SHRA, and other interested organizations to discuss how best to reach out to homeless persons and how to assess individual needs. SSF continues the development of Coordinated Entry per CPD Notice 17-001. The Notice establishes new requirements for the development and use of a centralized or coordinated entry and assessment system for CoC and recipients of CoC Program and ESG Program funding. It also provides guidance on additional policies that CoCs and ESG recipients should consider incorporating into written policies and procedures to achieve improved outcomes for people experiencing homelessness. In collaboration with the CoC Coordinated Entry Committee, which includes homelessness providers, Sacramento 2-1-1, the City and County, and SHRA, SSF had published and regularly updates a Coordinated Entry Policies and Procedures Manual that defines the system, how it operates, and where continued improvements are underway. Households seeking assistance can receive information on a variety of services and housing options by contacting Sacramento 2-1-1, for those households that have exhausted these options, coordinated entry appointments are scheduled at one of several access point locations. Coordinated entry relies on a standard assessment, prioritization based on vulnerability, and matching individuals with the appropriate housing and services. This results in a uniform, comprehensive overview of the needs of the individual. The CoC uses the VI-SPDAT (Vulnerability Index – Service Prioritization Decision Assistance Tool), including specific assessments for single adults, families with children, and transition age youth. Agencies receiving federal funds as part of the US Department of Housing and Urban Development Continuum of Care Program participate in coordinated entry, as do other organizations that provide homeless services in Sacramento County. Full participation in coordinated entry allows Sacramento to develop a robust, accurate picture of the population of people experiencing homelessness, and to quickly adapt programs to meet their specific needs and add capacity to address each population, and end homelessness more quickly. SSF has implemented common assessment tools for families as well. Each individual interviewed is assessed using this tool, which results in an individually tailored housing and services match. Those with more intense service and housing needs are prioritized within the CoC according to Housing First principles; individuals with the greatest need for housing have priority access to housing, regardless of their behavioral health needs, substance use, etc.

All activities overseen by SSF align with the federal directive that funding for addressing homelessness follows a housing first approach, which offers permanent housing as quickly as possible for individuals and families experiencing homelessness. In housing first programs, supportive services are offered to help people keep their housing and avoid returning to homelessness.

Addressing the emergency shelter and transitional housing needs of homeless persons

SHRA, SSF, and the City and County subcontracts with local providers to assist families and individuals address barriers that help households move quickly from homelessness to self-sufficiency and independent living. Programs can provide eligible households with security and utility deposits, and short or medium-term rental assistance. Households receive case management targeted to gaining employment and budgeting and financial competency. In addition to the programs mentioned above, additional examples of homeless-related services/programs include: Continuum of Care The Sacramento City and County CoC is the HUD-designated entity that guides the regional responses to homelessness. Comprised of a 30 -member body of stakeholder representatives, it makes decisions about funding and guides conversations about homelessness policy and programs. In the 2021 CoC NOFO competition, the Sacramento region was awarded \$29.7 million to fund 31 projects designed to move individuals and families experiencing homelessness into permanent housing with access to supportive services, and to help them achieve long-term stability. In the FY19 HUD NOFA competition, the Sacramento City & County CoC was awarded \$22,466,281 for renewal and new Permanent Supportive Housing (PSH), Rapid Rehousing (RRH), and Rapid Rehousing-Transitional Housing (RRH-TH) projects. This award funded a total of 2,363 beds/1,263 units of permanent housing. In light of the COVID-19 pandemic, HUD did not hold a NOFA competition in 2020 and maintained the funding commitments for all projects funded under FY19. The majority of funding awarded in FY19, \$20,719,090, supported renewal projects that provided 2,245 beds/1,195 units of PSH, RRH, and RRH-TH. Site-based renewal projects supported with CoC funds included Mather Veterans Village, Boulevard Court, Quinn Cottages, Shasta Hotel, Saybrook, and Mutual Housing at the Highlands. The CoC also funds significant scattered-site renewal PSH projects, including shared housing operated by Sacramento Self Help Housing and traditional scattered-site PSH operated by Lutheran Social Services, Next Move, Sacramento Housing and Redevelopment Agency, and Volunteers of America. Finally, there are two renewal RRH projects in the CoC portfolio, operated by Lutheran Social Services and Hope Cooperative, respectively. The continuum of care partnered with the City and County to utilize almost \$2 million in State funding to support local sheltering services. This includes funding to support the County's rehousing shelter, youth shelters supported by the City, as well as motel voucher programs administered by both the City and County. In addition to significant resources for renewal projects, HUD also awarded the CoC with \$1,747,191 for a total of four new projects. Two new RRH projects for survivors of domestic violence will serve approximately 38 families at a time. Two new PSH projects will serve 25-35 seniors and 15-20 youth, respectively. Public Housing Authority (PHA) Homeless Initiatives Contingent on funding, the PHA will allocate a total of 975 vouchers to serve homeless families utilizing tenant-based vouchers (the Limited Homeless Allocation and the Move On Allocation), the Performance Partnership Pilots Initiative Program (P3) program and project-based vouchers tied to supportive services (described in Housing Authority Admin Plan Chapter 21) over the next three years. The PHA plans on prioritizing housing homeless families, and also plans on creating two new preferences to serve the homeless population, while continuing to serve families on the current waitlist. The intent is to serve homeless families who have been determined eligible for the two preferences even when the waiting list is closed, until the approved number of applicants has been reached.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City and County of Sacramento are committed to helping low-income individuals and families avoid becoming homeless, and will continue to implement and provide programs or funding (upon availability) to assist homeless households gain or retain housing, and fund health and social services. The City and County have expanded programs for persons with serious mental illness and/or co-occurring substance abuse disorders and who are at risk of homelessness or experiencing homelessness. Services will benefit people countywide; including those participating in the County's various homeless initiatives and the City of Sacramento's Pathways Whole Person Care Program. Other examples: Over 20 agencies in the Sacramento Region offer various homeless services for assistance or information contact Sacramento 2-1-1. Legal Services of Northern California provides eviction defense with funding coming from a combination of federal, state, local, and private sources. A collaborative of hospital systems, community based organizations and the County have come together to create the Interim Care Program (ICP) - a respite care shelter for homeless patients discharged from hospitals. Kaiser Permanente; Mercy; Sutter Medical Center, Sacramento; UC Davis Medical Center; and the County of Sacramento provide on-going funding for the program. WellSpace coordinates nursing and social services to support clients in their recuperation and help them move out of homelessness. The case manager links clients with mental health services, substance abuse recovery, housing workshops and provides disability application assistance. Sutter Medical Center and WellSpace have also created and implemented the T3 Program (Triage, Transport, and Treat) for frequent users of emergency rooms. The Sacramento Employment & Training Agency (SETA), a joint powers agency of the City and County of Sacramento, was formed in 1978. From its inception SETA has been an effective force in connecting people to jobs, business owners to quality employees, education and nutrition to children, assistance to refugees, and hope to many Sacramento area residents. Homeless youth can find assistance from Wind Youth Services which provides supportive services and opportunities to youth. Waking the Village's Tubman House, the Doorway, and Audre's Emporium of New Tomorrows are all housing programs that provide stable and nurturing home environments for young families experiencing homelessness. Lutheran Social Services serves homeless people and emancipating foster youth in Sacramento County by providing transitional housing for homeless families, individuals, and youth; permanent supportive housing for disabled individuals, families, and youth emerging from foster care; and case management for individuals and families who are permanently housed. The Rapid Access Problem Solving (RAPS) pilot which expands access to services and housing through our community's CES. The continuum of care is developing and implementing the Landlord Engagement and Incentive Program to optimize CoC rehousing activities by coordinating resources for recruiting and retaining landlords, providing flexible funding to support clients in securing housing, and creating a neutral, centralized hotline to support both landlord and tenants.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Sacramento Steps Forward and the CoC are working closely with managed care plans and other stakeholders to ensure a strong partnership between the CoC and the implementation of Cal-AIM. Cal-AIM represents a significant opportunity to infuse resources into the system to better address the service needs of people experiencing homelessness. The Local Homelessness Action Plan calls out the Cal-AIM opportunity, CoC Board membership and guests include representation from the managed care plans, and the CoC Board has agendaized Cal-AIM updates and planning at its monthly meetings to ensure this opportunity is maximized. The Coordinated Access System CoC allocation of HHAP-3 funding will help support an increased partnership with Cal-AIM. The Sacramento CoC is working to develop and staff a Family Collaborative leveraging the broader Black Child Legacy Campaign network and city/county program homeless services. This collaborative will create a family specific By Name List and case conferencing approach to assist families out of homelessness by expediting and increasing rates of permanent housing placement. This collaborative will be used to pilot a Diversion program within the new Coordinated Access System with Black Child Legacy and Family Resource Navigators and Community Based Organizations to help divert homelessness. Collaboration with BCLC will include coordinating on broader Family Collaborative Strategy and supporting 7 CILs newly formed navigator positions with problem solving, diversion and training support to assist 280 families over 2 years from experiencing homelessness. The Black Child Legacy Campaign (BCLC), a county-wide proven infrastructure, implemented by Community Incubator Leads (CILs), and overseen by the Reduction of African American Child Deaths (RAACD) Steering Committee (representatives from cross-sectors) is a community-driven coordinated support service system designed to build capacity and reduce the disproportionate rates of African American child deaths and related risk factors in seven neighborhoods throughout Sacramento County identified as experiencing the greatest disproportion of African American deaths and with at least 50% of African American children living below poverty. CILs, community-based organizations with trusted relationships in their neighborhoods and culturally relevant support services, have provided services to families experiencing homelessness through limited resources, including temporary, short-term housing, and motel voucher. The crisis of unsheltered homelessness is one that impacts an entire community, both those experiencing homelessness and the broader community of housed residents, businesses and neighborhoods. In addition to these current efforts, HHAP will provide approximately \$2. million to the City, County and SSF to continue the County's Flexible Housing Program with wrap around supportive services. While continuing to focus on housing and supportive services is critical to making lasting impacts to reduce the homeless population, the City and County must also have a coordinated response to address the crisis of unsheltered homelessness. Shelters continue to be a critical component of a housing crisis resolution system, and the City, County, SHRA, SSF and the homeless provider community will continue to collaborate to develop and implement

emergency shelter system changes.

Refer to <http://www.sacounty.net/Homelessness/Pages/default.aspx> for an update on the following initiatives and other County homelessness prevention activities.

Discussion

Please see above.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

SHRA is committed to helping increase rental housing production and homeownership opportunities in the Sacramento Region. As a lender and developer, SHRA strives to efficiently manage its resources to address the range of need and reach special populations, the workforce population, and those who are moving out of the rental market and buying their first homes.

Staff continues to collaboratively work with the County to implement and revise as necessary existing housing ordinances and policies currently in place through the General Plan. These housing policies aim to expand affordable housing opportunities and strategies for extremely low-, very low-, low-, and moderate-income households, and provide additional supportive services and homeless assistance throughout the Sacramento Region. The 2021-2029 County Housing Element was adopted by the Board of Supervisors in July, 2021. The purpose of the Housing Element is to identify and analyze existing and projected housing needs for all income groups and as warranted by the analyses, include implementation strategies with measurable performance objectives to address the identified needs. The County's housing element includes a series of policies and program actions that are intended to address the listed residential development and housing needs strategies during the planning period. The new Housing Element will focus more specifically on barriers to affordable and fair housing as part of new State regulations.

On February 25, 2014, the Board of Supervisors repealed the existing Affordable Housing Ordinance (AHO) and adopted a new ordinance that went into effect on March 27, 2014. It requires every new market rate, residential building to either pay a calculated fee, or comply using a few other options. On June 9, 2015, the Sacramento County Board of Supervisors approved the Affordable Housing Program Guidelines. These Guidelines are to aid applicants, landowners, developers, homebuyers, and others in understanding and complying with the Affordable Housing Ordinance.

SHRA, through its Multifamily Lending and Mortgage Revenue Bond Policies has historically provided reduced-interest-rate gap financing to multifamily housing projects that are developed to meet the ordinance's requirements. SHRA uses HOME, CDBG and HOPWA program funds, and Housing Trust Funds, as well as its capacity as an issuer of mortgage revenue bonds to provide gap financing.

Staff also coordinates with the Sacramento Area Council of Governments (SACOG), an association of local governments in the six-county Sacramento Region. Its members include the counties of El Dorado, Placer, Sacramento, Sutter, Yolo and Yuba as well as 22 cities incorporated within the counties. SACOG provides transportation planning and funding for the region, and serves as a forum for the study and resolution of regional issues. In addition to preparing the region's long-range transportation plan, SACOG approves the distribution of affordable housing in the region and assists in planning for transit, bicycle network and clean air.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The 2019 regional Sacramento Valley Analysis of Impediments to Fair Housing Choice identified a number of barriers to housing choice and access to opportunity. The County intends to implement the following:

Goal 1. Incentivize and increase opportunities for development and continued availability of affordable homeownership products. Support development or resale of affordable homeownership opportunities through a variety of approaches, such as developer incentives, providing assistance and resources to support low-income homebuyers, continuing to administer existing down payment assistance loans, and affirmatively marketing to under-represented potential homeowners.

Goal 2. Expand and preserve affordable rental opportunities.

Encourage reasonable policies for tenant criminal history, rental history, and credit history. Educate landlords and developers who benefit from public funding and development incentives to adopt reasonable policies on tenant criminal history, and to consider applicants with poor rental/credit histories on a case-by-case basis, as detailed in the April 4, 2016 HUD Guidance on Criminal History. (https://www.hud.gov/sites/documents/HUD_OGCGUIDAPPFHASTANDCR.PDF).

Increase affordable housing opportunities: Implement strategies that improve progress in meeting the Regional Housing Needs Allocation (RHNA) in all four income levels (very low, low, moderate, above moderate).

Increase housing units that are both accessible and affordable to people with disabilities: Identify strategies for increasing units that are accessible to people with mobility and/or sensory disabilities in housing elements. Increasing accessible opportunities for people with disabilities may include providing resources for accessibility modification of existing units.

Encourage preservation of existing affordable rental housing. Monitor expiring use credits and opportunities to support preservation of naturally occurring affordable housing.

Encourage residential infill opportunities. Increase residential infill opportunities through changes in zoning and long range plans, including opportunities to add to the housing stock through “gentle density” (affordable attached homes and innovative housing solutions such as modular housing and tiny homes)

Engage the private sector in solutions. Through strategies including, but not limited to affirmative marketing, education, and /or requirements when local agency funding is involved, development

incentives, and negotiation of affordable housing contributions, further the private sector commitment to addressing barriers to housing choice.

Goals continued in the discussion below.

Discussion

Goal 3. Expand equity in access to economic opportunity.

Improve infrastructure and public transportation access in disadvantaged communities (as applicable). Upgrade underground infrastructure that is required to develop residential units. Advocate for or improve the availability and frequency of public transportation to connect disadvantaged communities to jobs, schools and essential services.

Connect low income residents to job opportunities. Improve connections between low-income populations, especially Public Housing residents, and employment opportunities.

Reduce housing instability by closing service gaps. Partner with mental health, recovery, and disability service providers to develop strategies for filling gaps in services and housing types to prevent housing instability and risk of re-institutionalization.

Discussion

Goal 4. Disaster Plan.

In event of a local, State, and national natural disaster existing and new funding may be allocated or re-allocated in an expedited timeframe. To streamline the allocation process and reduce delays in accessing grant funds staff will follow federal, State and/or local notices, waivers, award letters or other communication from those entities.

In addition to the above, SHRA, on behalf of the City and County of Sacramento, under direction of HUD, has a responsibility to affirmatively further fair housing within the City of Sacramento, as well as in the Unincorporated County of Sacramento, and the cities of Citrus Heights, Folsom, Isleton, and Galt (Elk Grove and Rancho Cordova receive their own CDBG and HOME entitlements). SHRA strives through the implementation of its programs and outreach efforts to reduce housing discrimination in the housing rental, sales and lending on the basis of race, sex, color, religion, national origin, familial status, gender identity, or disability, in compliance with the Fair Housing Act.

SHRA has executed contracts with Legal Services of Northern California (LSNC) and Sacramento Self-Help Housing (SSHH) to provide Fair Housing Activities services to the community. LSNC will provide referral/coordination to SSHH, California's Department of Fair Employment and Housing (DFEH), HUD Office of Fair Housing and Equal Opportunity (FHEO), and the CalRHA. In addition, LSNC will provide fair

housing education/training, outreach/marketing, renters help line, implicit bias training; and investigation, testing and litigation. SSHH services to include intake (hotline), initial assessment, immediate consultation/referral/mediation, second level mediation with DFEH, data collection and case building. SHRA will continue to coordinate with surrounding cities and county staff on fair housing activities.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

SHRA on the behalf of the County will continue to implement the goals and strategies of the Consolidated Plan and the other actions listed below.

As discussed in AP-75, SHRA, on behalf of the City and County of Sacramento, under direction of HUD, has a responsibility to affirmatively further fair housing. SHRA strives through the implementation of its programs and outreach efforts to reduce housing discrimination in the housing rental, sales and lending on the basis of race, sex, color, religion, national origin, familial status, gender identity, or disability, in compliance with the Fair Housing Act.

New goals and action items were developed as part of the completion of the 2019 Regional Analysis of Impediments to Fair Housing Choice and will be implemented as part of this Five-year Plan, and reported in the CAPER.

Additionally, SHRA has contracted with Legal Services of Northern California (LSNC) and Sacramento Self-Help Housing (SSHH) to provide Fair Housing Activities services to the community. SSHH has a sub-contract with Project Sentinel which provides an onsite attorney to address fair housing intake immediately as part of the renter hotline. SSHH has recently made the decision to close operations, and the Fair Housing team is currently in the process of determining which entity to transition fair housing services previously provided by SSHH to. Project Sentinel and the California Rental Housing Association will continue to operate as usual, either as a subcontractor for the new service provider or with independent agreements. This transition of fair housing services will likely be completed by June 2023.

In 2020, SHRA on behalf of the County of Sacramento applied for CARES Act waivers and accepted CARES Act funding to provide emergency shelter and other eligible CDBG and ESG services to the homeless.

Under the Consolidated Plan, census tracts that are predominantly low- and moderate-income (a tract where more than half of the population are 80-percent of the Area Median Income or less) and where existing facilities suffer from heavy use or deferred maintenance leading to disrepair, are being targeted for capital improvement funding. By targeting capital improvements to these communities the goal is to concentrate efforts for maximum SHRA housing programs, the totality of activity covered under the Consolidated Plan seeks to increase economic opportunities, access to jobs and services, and create strategic and visible impacts that promote positive changes in the community.

Actions planned to address obstacles to meeting underserved needs

SHRA will continue to implement housing and community development activities that meet the underserved and worst-case needs in the County of Sacramento. Since the 2013-19 Consolidated Plan,

the market improved significantly until the COVID-19 pandemic. For those who are benefitting from the economic recovery, rising incomes have made it easier to afford rents and to purchase homes. However, extremely low income and special needs populations are finding housing harder to secure, given the diminishing inventory of naturally occurring affordable housing, flat funding to support publicly-supported housing and under and unemployment due to the pandemic.

SHRA staff will continue to address the challenges of existing and new obstacles focusing on three programmatic and administrative areas. First and foremost staff will concentrate on project and program to improve efficiencies in delivery of the funds. Staff will use proactive approaches toward future applications for potential leverage funds. These efforts will assist SHRA to strategically place future activities in line to address obstacles.

Second, SHRA staff will use CDBG, CDBG-CV, ESG-CV, and other funds as leverage for both City and the County administered programs and support services that serve the burgeoning needs of low- and moderate-income residents. Unfortunately, many in the SHRA network of public service providers are being caught in the compounded predicament of significant loss of local and other funding while the numbers of their clients remain steady or increase. SHRA staff will work diligently to the extent feasible to keep services and programs intact and available.

Third, SHRA staff will respond to increased programmatic and administrative demands by creating greater internal efficiencies and realigning program and services delivery within its provider network. SHRA staff collaboratively works with both the City and County elected officials, as well as the Planning, Parks, Transportation, Public Works, Economic Development and General Services Departments to identify projects that also meet federal community development program eligibility and meet timely draw down requirements. Staff will continue to fine-tune this approach to help ensure projects are ready to go and project funds will be spent quickly and effectively.

Actions planned to foster and maintain affordable housing

Refer to AP-55 Affordable Housing for discussion on the County's Affordable Housing strategy and goals.

Actions planned to reduce lead-based paint hazards

The County's Health Education Unit and Public Health Nurses (PHNs) in the Public Health Nursing Field Services Unit provide outreach and education regarding lead poisoning and prevention practices. They train staff and medical providers on lead screening protocols and testing services. Other outreach efforts include health fairs and media campaigns. PHNs provide case management and follow-up for children with elevated blood lead levels detected by the Public Health Lab Lead Testing Program and all tests reported to the State Childhood Lead Poisoning Prevention Branch. Outreach and education is provided to children with elevated blood lead levels that do not meet case definitions.

The Housing Authority has every unit slated for modernization (and built prior to 1978) tested for LBP by

a licensed Environmental Consultant, unless staff already has a report on file. Construction repairs are performed following the HUD and OSHA guidelines outlined in the consultant's report. For occupied multi-family housing units not slated for modernization, visual inspections are performed annually by Housing Authority staff. Residents are also provided with information about lead-based paint hazards. If portions of a dwelling unit are showing signs of deterioration of painted surfaces suspected of containing LBP, staff immediately has the unit tested and abated as necessary. Housing Authority staff routinely attends Hazardous Materials awareness trainings and seminars to stay current with regulations.

Property owners, applicants, and participants are provided general information about lead-based paint hazards and stabilization techniques using safe work practices before an inspection is conducted. Housing Choice Voucher staff perform a Housing Quality Standard (HQS) inspection of each pre-1978 unit where a child under the age of 6 is expected to reside. If any defective paint surface is observed, the unit is failed, and the owner and tenant are provided with detailed information about stabilizing defective paint surfaces using safe work practices. Information is also provided about required clearances and record keeping. Once the appropriate lead-based paint abatement has taken place the unit is cleared by the HQS inspector.

Both the nonprofit and for-profit companies that contract/execute subrecipient agreements with SHRA will be required to follow lead-based paint safe work practices. The use of lead-based paint is prohibited in any residential structure constructed or rehabilitated with CPD funds, and prohibitions are further described in 24 CFR Part 35. Subrecipient shall follow the procedures for the elimination of lead-based paint hazards, to the extent required by statute.

(continued in discussion section below)

Actions planned to reduce the number of poverty-level families

Overall in the Sacramento region, 16 percent of people live in poverty. Numerically, the City of Sacramento and the balance of Sacramento County have the largest number of residents living in poverty, at 102,000 and 119,000, but also have the largest populations in the region.

All of the communities in the greater Sacramento region have seen an increase in the number of residents and families living in poverty between 2010 and 2023.

Eliminating poverty is a clear concern in the Sacramento Region. Efforts are continually underway to improve the quality of life and economic well-being of the residents through collaborative efforts of the following agencies. Their programs provide needed skills and training for individuals seeking jobs and thereby assisting them out of poverty:

- Sacramento Employment & Training Agency (SETA), a joint powers agency of the City and County of Sacramento has been an effective force in connecting people to jobs, business owners

to quality employees, education and nutrition to children, assistance to refugees, and hope for many Sacramento area residents. Annually, SETA serves over 45,000 customers.

- SETA is the designated Community Action Agency for Sacramento County for the provision of Community Services Block Grant (CSBG) services. CSBG funding originates with the U.S. Department of Health Services and remains one of the last remaining efforts of the War on Poverty. The purpose of the CSBG program is to reduce the incidence and effects of poverty and empower low-income families and individuals to become self-sufficient. The program operates through neighborhood-based organizations that provide resources and services to produce measurable impacts on the causes and symptoms of poverty experienced by challenged families and communities.
- Sacramento Works is designed to offer universal access to customers through a system of Job Centers. The Centers integrate employment, education, and training resources from over 17 federally funded, employment and training-related programs, and offer an array of services designed to enhance the effectiveness and coordination of employers and job seekers.
- Sacramento County Office of Education (SCOE) plays a leadership role in the delivery of quality education to the students in Sacramento County. SCOE directly educates more than 30,000 children and adults, and provides support services to over 230,000 students in 16 school districts.

Actions planned to develop institutional structure

SHRA's institutional structure provides the foundation for guidance and leadership of all aspects of operations. The Executive Director receives policy direction from the City Council of the City of Sacramento and the Sacramento County Board of Supervisors with advice from the Sacramento Housing and Redevelopment Commission and assumes responsibility for ensuring successful development and execution of all SHRA programs. SHRA's institutional structure is organized into three general departments: Executive Director and Administration, the Housing Authority, and the Development Department.

The Executive Director and Administration Department includes an Executive Cabinet comprised of the Executive Director, General Counsel, two Deputy Executives Directors, Development and Finance, and the Public Information Officer. The Directors are responsible for all SHRA operations, as well as legal, fiscal and personnel management. Also included are five Administrative Support Departments: SHRA Clerk, Human Resources, Information Management Technology Services, Public and Internal Communications, and Risk Management and the Real Estate and Construction Services Department reports to the one the Deputy Directors.

The Development Department includes the following Divisions:

Federal Programs Division includes planning and project delivery for the CDBG, ESG, HOPWA and NSP. This Division coordinates with community and organizational stakeholders to establish development

priorities in targeted neighborhoods and to cultivate business proposals.

Development Finance and Portfolio Management Division includes planning and project delivery for the following sources of funds: HOME, HOME-ARP, local Housing Trust Funds, multi-family development. The Division underwrites loans to subsidize affordable multifamily rental developments and provides first-time homebuyer down payment assistance to expand the supply of affordable housing. The Division manages a portfolio of loans and real estate assets and annually monitors SHRA-funded affordable housing for compliance with federal, state and local regulations and agreements. They assist the City and County to develop and implement the required multi-year Housing Element strategic plan.

Asset Repositioning team includes planning and project delivery for the Choice Neighborhoods (Twin Rivers, Marina Vista and Alder Grove) and high rises. This group provides public outreach, planning and implementation to these public housing authority communities and nearby neighborhoods

Actions planned to enhance coordination between public and private housing and social service agencies

SHRA meets with department level staff from the County Economic Development, Transportation, Parks, Community Development and Human Services departments to identify, evaluate and prioritize a coordinated list of eligible CDBG projects. This will continue in 2024. SHRA will also continue its many partnerships with the community, non-profits, and the City and County in developing and implementing the Action Plan.

As previously discussed, SHRA is work with adjacent jurisdictions to coordinate a regional collaboration aimed at addressing cross-jurisdictional fair housing issues.

In 2015, Sacramento was designated as a Promise Zone. The Promise Zone designation is a ten-year designation with a multitude of benefits, including:

- Preference points and additional consideration on certain competitive federal grants for activities that take place within the Promise Zone or that impact residents residing within the Promise Zone;
- A dedicated Federal Liaison to navigate the federal bureaucracy and assist in identifying additional resources across federal agencies;
- AmeriCorps VISTA staff to assist Promise Zone Lead Agencies and partner organizations in building capacity and engaging residents;

SHRA will continue to collaborate with its Promise Zone partners on grant opportunities throughout the Consolidated Plan period. SHRA will also continue its many partnerships with the community, non-profits, and the City and County in developing and implementing the Action Plan.

Discussion

LBP Discussion Continued: SHRA's Real Estate and Construction Services Department routinely tests and abates lead from all pre-1978 units whenever structural improvements are made. SHRA requires the ESG Rapid Re-Housing (RRH) Provider to conduct a Habitability Standards Certification, Visual Assessment for Potential Lead-Based Paint Hazards and a ESG RRH Unit Verification Checklist. SHRA requires all developers of affordable housing who apply for funding to rehabilitate properties that were built prior to 1978 to submit a current lead-based paint report. This requirement is included in the Multifamily Lending and Mortgage Revenue Bond Policies which states that testing be minimally invasive and adhere to HUD standards. If lead-based paint is present on the project site, a remediation plan or identification of protocols that will be followed are required.

SHRA received on behalf of the City and County, a Lead based Paint Hazard Reduction Program Grant of \$2,000,000 from HUD's Office of Lead Based Pain and Healthy Homes in November 2021. A one-time allocation of \$100,000 serves as the match requirements. Lead grant funds are being used to complement SHRA's existing CDBG funded Home Repair Program (correcting health and safety hazards in existing homes) to help eliminate lead paint in older homes where it can pose a serious health threat to children. Grants of up to \$10,000 are available to both single-family and multi-family properties that meet the criteria.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

Line 1 amount is allocated to projects in the Action Plan.

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	10,000
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	10,000

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	70.00%

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

SHRA administers the HOME program on behalf of the County of Sacramento. HOME funds will only

be used for eligible activities as described in the HOME regulations (24CFR§ 92.205). During the 2022 Program Year, other forms of investment not described in §92.205(b) which the County may use for housing activities include CDBG, and other local funds.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

SHRA on behalf of the County of Sacramento has elected to use the recapture options to comply with the Period of Affordability requirement under §92.254 of HOME rules for homebuyer activities. Homebuyers receive a direct subsidy in the form of a deferred payment loan for down payment and closing costs assistance. The period of affordability will be based on the total amount of the HOME subsidy provided. The County's recapture clause is included in the County's security documents for HOME-funded loans and identifies the events that trigger recapture of County HOME funds. The terms of recapture are based on the amount of HOME subsidy provided to the homebuyer. The County will recapture the amount then due on the HOME-funded loan, including all principal and interest, except where there are no net proceeds or where the net proceeds are insufficient to repay the full amount of the assistance. Additionally, the County's security documents for HOME-funded loans specify that the recapture provisions will terminate in the event of a foreclosure or deed in lieu of foreclosure by a senior lien holder.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The terms of recapture are structured after the HOME Program Period of Affordability requirement and are based on the amount of HOME subsidy provided to the homebuyer. The County will recapture the amount then due on the HOME-funded loan, including all principal and interest, except where there are no net proceeds or where the net proceeds are insufficient to repay the full amount of the assistance. Additionally, the County's security documents for HOME-funded loans specify that the recapture provisions will terminate in the event of a foreclosure or deed in lieu of foreclosure by a senior lien holder.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

SHRA's program guidelines permit the use of HOME funds throughout jurisdiction to refinance existing debt on multifamily housing developments under the following conditions:
Purpose: Refinancing shall maintain current affordability and/or create additional affordable units. Refinancing shall be conditioned on adoption of management practices that will ensure the housing's long-term habitability and sound financial operations. Resident services will be required of

all projects which include involvement by a non-profit owner and will be encouraged in other projects.

General Eligibility Rules: Multifamily developments within the Sacramento Region will be eligible for refinancing. Eligible applicants include non-profit and for-profit housing corporations, joint ventures, limited liability companies, partnerships, and local governmental entities. Applications for refinancing will be subject to SHRA's Multifamily Lending and Mortgage Revenue Bond Policies. Applications are reviewed according to the standards outlined, including requirements for a rehabilitation scope of work and cost estimates. SHRA's Development Finance Division's loan underwriting standards will be used to determine the feasibility of the refinancing plan. HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG. Process includes submission of pre-applications 2 or 3 times a year. SHRA publishes available funding a minimum of 30 days in advance of the pre-application deadline. After review of pre-application and based on funding availability, SHRA will request full applications from applicants who meet project priorities. Pre-applicants will receive confirmation within 30 days after the pre-application deadline if they are invited to submit a full application. Governing board approval is required and coordinated with the developer. The application process and requirements are located at <https://www.shra.org/multi-family-housing-financing-lending-resources/>.

Rehabilitation Requirements: Rehabilitation must be a component of any refinancing activity. Rehabilitation requirements are detailed in Exhibit 2 of SHRA's Multifamily Lending and Mortgage Revenue Bond (MLMRB) Policies (https://www.shra.org/wp-content/uploads/2021/02/SHRA-Multifamily-Lending-Policies-County-Tech-Corr-2_21.pdf).

Affordability Requirements: Housing preserved through refinancing and rehabilitation shall carry a regulatory agreement that is consistent with HOME program rules. Projects must include at least 15 percent of total number of units affordable to and occupied by very low-income households, and at least 5 percent of total number of units affordable to and occupied by extremely low-income households, based on financial feasibility. Restricted rents shall be at least 10 percent below market rents for a given type and size of unit unless expressly permitted by SHRA. The maximum amount of subsidy per restricted unit cannot exceed HUD's Section 234 limits for the Sacramento area. Housing preserved through refinancing and rehabilitation shall carry a regulatory agreement that is consistent with HOME program rules. The required affordability period is 15 years for rehabilitation projects and 20 years for new construction projects.

Management Practices: A thorough review of the applicant's management practices, financial records, the project's income and expense statements, and owner's tax returns will be required as part of the application package. If deficiencies are found in the property's management systems, SHRA may require the replacement of the property manager or place other conditions to ensure that the physical and financial needs of the housing in question are met. As part of the adoption of its MLMRB Policies, SHRA adopted an Affirmative Fair Marketing Policies which includes requirements and planning for all SHRA-funded multifamily rental projects.

5. If applicable to a planned HOME TBRA activity, a description of the preference for persons with

special needs or disabilities. (See 24 CFR 92.209(c)(2)(i) and CFR 91.220(l)(2)(vii)).

6. If applicable to a planned HOME TBRA activity, a description of how the preference for a specific category of individuals with disabilities (e.g. persons with HIV/AIDS or chronic mental illness) will narrow the gap in benefits and the preference is needed to narrow the gap in benefits and services received by such persons. (See 24 CFR 92.209(c)(2)(ii) and 91.220(l)(2)(vii)).
7. If applicable, a description of any preference or limitation for rental housing projects. (See 24 CFR 92.253(d)(3) and CFR 91.220(l)(2)(vii)). Note: Preferences cannot be administered in a manner that limits the opportunities of persons on any basis prohibited by the laws listed under 24 CFR 5.105(a).

Emergency Solutions Grant (ESG)

1. Include written standards for providing ESG assistance (may include as attachment)

SHRA's ESG providers utilizes SHRA's ESG Desk Manuals to administer the program per 24 CFR Parts 91 and 576. SHRA will contract with providers to utilize ESG funds to operate and provide essential services to a homeless shelter, rapid re-housing and prevention. ESG funds will only be used for eligible activities as described in the ESG regulations. SHRA requires that its subrecipients / providers enter client demographic data into HMIS in a timely fashion per SSF's HMIS policies. HMIS client data is utilized to complete the ESG CAPER in SAGE.

The 2024 ESG federal entitlement funding allocation is approximately \$512,999. For a detailed breakdown of the ESG funds refer to AP-38. Actual amounts depend upon final grant award as determined by HUD.

In addition, administering the City and County of Sacramento's federal ESG entitlement on behalf of the two jurisdictions, SHRA is also the Continuum of Care's Administrative Entity for the State of California's Housing and Community Development (HCD) ESG funds (entitlement). The 2021 and 2022 State ESG funds are to be fully expended by December 31, 2023. Anticipated start date for 2023 State ESG is January 1, 2024. Funding will be utilized for an emergency shelter and the rapid re-housing program. SHRA has submitted the 2022 ESG State and ESG-CV grant application. SHRA will submit the 2023 grant application upon state issuance.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

HUD mandates that CoCs implement a CES for access to all HUD CoC-funded Permanent Housing (PH) and HUD ESG-funded Emergency Shelter (ES) and Rapid Rehousing (RRH). Sacramento began CES implementation in phases in 2015. As of January 2021, nearly all CoC PH projects and ESG projects are participating, with the remainder to come online soon, pending additional planning and coordination to address challenges presented by multiple funding streams and other issues

associated with these projects. The Sacramento CoC CES uses the VI-SPDAT (Vulnerability Index-Service Prioritization Decision Assistance Tool) as the standard assessment tool required by HUD, which informs uniform prioritization criteria for referrals into HUD CoC projects. The VI-SPDAT helps determine the severity of a household's service needs. The intent of the CES is to reduce homelessness by improving access to PH, decrease the length of time a person is homeless, and ensure that people with the most severe service needs are prioritized for access to PH projects. Sacramento Steps Forward (SSF) operates the CoC's CES. Approximately 30% of all PH projects in Sacramento participate in the CoC CES.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

In December 2020, the CoC completed an extensive evaluation of the CES, to inform redesign of the system to better serve people experiencing homelessness in our community. The CES evaluation was conducted by Homebase, a well-respected, HUD-endorsed consulting firm, and overseen by SSF, as well as the CoC Board and its CES and System Performance Committees. The evaluation was based on a variety of sources, including extensive interviews, in-depth surveys about project eligibility criteria throughout the system, analysis of HMIS data, and comprehensive system mapping. Key areas of focus for improvement identified by the evaluation have been integrated into the CES Committee work plan and include improving access, increasing accountability and transparency about system access to better serve consumers, decreasing silos/improving coordination, and increasing the number of emergency and permanent resources accessed through the CES. Additionally, information from the CES evaluation informed components of the CoC's gaps analysis completed in early 2021 and the CoC's Racial Equity Action Plan approved in August 2021. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The rapid re-housing component of ESG was competitively bid in 2018. The shelter component funding is allocated as part of the One-Year Action Plan approval process which includes a public hearing before the Sacramento Housing and Redevelopment Commission and approval by the Board of Supervisors. SHRA follows its adopted Procurement Policy to enter into agreements/contracts with subrecipients.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

SHRA is a board member of the Continuum of Care (CoC) which has a formerly homeless member. SHRA also participates on various CoC subcommittees.

5. Describe performance standards for evaluating ESG.

ESG performance standards will be followed per 24 CFR Part 576, including, measures to evaluate the effectiveness of the program and measures to assess how well the program serves the targeted population. This includes reductions in the number of homeless persons living on the streets and in shelters, the number of persons who do not reenter the shelter or supportive housing system within one year, and the number of persons exiting with permanent housing. SHRA will continue to consult with the CoC and the County on performance standards for evaluating ESG.

Per HUD regulations, SAGE will be utilized to report aggregated data on persons assisted with ESG.

In addition to the above, in the Bringing Families Home program that began in 2017 and continues into 2024 enhances the existing ESG-funded rapid re-housing program. The Sacramento County Department of Health Services received approval to accept Bringing Families Home (BFH) funding on June 14, 2017. BFH, established by AB 1603 (Stats. 2016. Ch. 25), is a new state program for homeless families involved with the child welfare system. The BFH program has a county-match requirement for participating counties to provide housing-related supports to eligible families served by the child welfare system. The goal of the BFH Program is to significantly reduce the number of families in the child welfare system experiencing homelessness, increase the number of families reunifying, and prevent foster-care placement. This program originally covered five fiscal years ending June 30, 2024. The agreement was extended to 2024 as additional funds were awarded.

Sacramento County Child Protective Services (CPS) BFH program administrator has requested federal ESG funds to cover a portion of the County-match requirement. The County report requested authorization to accept BFH funds to pass through SHRA to SHRA's procured ESG Rapid Re-Housing Program provider, to fund a BFH Housing Specialist and minimal housing start-up costs (e.g., furniture, dishes, and appliances). In April 2018, CPS received authorization from the Sacramento County Board of Supervisor for its entire BFH grant (\$860,100) to pass through SHRA to VOA to rapidly re-house at-risk and literally homeless households, thereby reunifying families. In June 2019, CPS was awarded \$430,050 in additional BFH funding and funds were added to VOA's subrecipient agreement. In September 2019, an additional \$874,950 was awarded to extend services to September 2022. In August 2022, an additional \$2,448,719 was awarded to extend services into June 30, 2024.

CPS, SSF, VOA and SHRA, will continue to meet to discuss the BFH program to continue to provide assistance to assist households locate permanent, affordable housing. ESG-eligible households (households meeting HUD definition of households that are literally homeless or at risk of homelessness) are referred to VOA through SSF's Coordinated Entry system. Households are entered into the Homeless Management Information System (HMIS) for reporting purposes and conduct the Vulnerability Index and Service Prioritization Decision Assistance Tool (VI-SPDAT). BFH households that received ESG-funding assistance are reported in the CAPER via SAGE.
