\*\*\*The SERA2 Program is utilizing the Centers for Disease Control and Prevention's (CDC) Social Vulnerability Index (SVI) which evaluates 15 social factors grouped by socioeconomic status, household composition and disability, minority status and language, and housing type and transportation to calculate the social vulnerability score to identify communities disproportionately impacted by COVID-19.

# SERA Spotlight

"I am extremely grateful for the assistance I have received during a very difficult time. The financial unknown was the hardest part, this brought a peace of mind. The process was quick, simple and customer care agents were prompt and supportive the entire time. I can not say thank you enough!" ~ Tenant
