***The SERA2 Program is utilizing the Centers for Disease Control and Prevention's (CDC) Social Vulnerability Index (SVI) which evaluates 15 social factors grouped by socioeconomic status, household composition and disability, minority status and language, and housing type and transportation to calculate the social vulnerability score to identify communities disproportionately impacted by COVID-19.

SERA Spotlight

"I was behind in, all together, almost a year worth of rent and they helped by paying it so me and my children wouldn't be homeless. I greatly appreciate it. Its like my prayers were answered." ~ Tenant
