On or about June 10, 2026 the Sacramento Housing and Redevelopment Agency (SHRA) will submit a request to the U.S. Department of Housing and Urban Development (HUD), Region IX, for the release of City of Sacramento funding under the Community Development Block Grant (CDBG) Disaster Recovery Grant Funds Program under Title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 et seq.), as amended, under grant number B-26-MC-06-0003 to undertake a project known as the Earl Warren Park Restroom project located 7420 Vandenberg Drive, Sacramento, CA 95820 (APN: 023-0010-005-0000). The project site encompasses approximately 0.1 acres of the existing 4.2-acre Earl Warren Park and aims to replace the existing 2-stall restroom building, which has reached the end of its useful life and is no longer ADA-compliant. At the request of the surrounding community, the project would install a new, single-occupancy, gender-neutral prefabricated restroom facility to ensure modern accessibility standards are met. The project requires the relocation of approximately two irrigation lateral lines and five sprinkler heads involving trenching to a maximum depth of 18 inches. Additional site improvements include turf repair and the construction of a new concrete sidewalk, which will require excavation to a depth of approximately 10 inches to accommodate necessary aggregate base and concrete material. The foundation of the new prefabricated building will require pad excavation to a total depth of 16 inches. The project is requesting $450,000 in City CDBG funds. The estimated total project cost including HUD and non-HUD funds is $530,000.

The activities proposed are Categorically Excluded Subject to Section 58.5 under HUD regulations at 24 C.F.R. Part 58 from National Environmental Policy Act (NEPA) requirements.

An Environmental Review Record (ERR) that documents the environmental determinations for this project is available online at the following website: https://www.shra.org/public-notices-and-postings/. The ERR will also be made available to the public for review either electronically via email or by U.S. mail.
